Program Description

OV.C seeks applications to support the development and/or enhancement of multidisciplinary teams (MDT) and to strengthen the capacity of "enhanced MDTs" (E-MDT) to better identify and respond to cases of elder abuse and more comprehensively serve and support victims of financial exploitation.
Goal

Goals: To improve case outcomes while minimizing additional trauma and restoring safety and security to older adult victims of financial exploitation and abuse, and to potentially hold more offenders accountable.
Objective

The objective of this solicitation is the development and/or enhancement of support for elder abuse MDTs that can better identify and respond to older adults who experience financial exploitation and other forms of elder abuse.

Up to 10 E-MDTs with special emphasis on better recognizing elder financial exploitation at the tribal, local, or state levels, including existing and new teams, will be funded.
Deliverables

- Applicants may propose to either develop new MDTs or enhance existing teams. Successful applicants will:
  - demonstrate the need to develop an MDT or to enhance a current MDT’s efforts.
  - have activities that support a coordinated and comprehensive response to crime victims’ needs by direct service providers.
  - participate in statewide or other task forces, work groups, and committees to develop protocols and interagency agreements.
  - recruit members and representatives from a broader array of professions.
  - have needs assessments to ensure case-related efforts are more comprehensively incorporating the involvement of forensic accountants and neuropsychologists.
  - use Technical Assistance.
In FY 2021 and in addition to executing any statutory prioritization that may be applicable, OJP will give priority consideration to applications as follows:

- Applications that will advance the promotion of civil rights, access to justice, support to crime victims, protecting the public from crime and evolving threats, or building trust between law enforcement and the community.
- Applications that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.
