Program Description
Overview
The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

This solicitation is in support of enhanced collaborative model task forces to combat human trafficking, as defined by the Trafficking Victims Protection Act (TVPA) of 2000 and its reauthorizations. This program will provide funding for services to victims of human trafficking, as defined by 22 U.S.C. § 7102.

Statutory Authority
22 U.S.C. § 7105(b)(2)

Specific Information
The purpose of the Enhanced Collaborative Model (ECM) Task Force to Combat Human Trafficking program is to develop, expand, or strengthen a multidisciplinary approach to fight human trafficking. This collaborative approach must include victim and social service providers, law enforcement and prosecution personnel (local, state, and federal), and a range of other governmental and non-governmental partners that work together to provide a diverse set of appropriate services for trafficking victims; train law enforcement and other stakeholders how to identify victims of trafficking in persons and related offerings; and provide justice for victims through the investigation and prosecution of their traffickers.

This solicitation requires two separate but coordinated applications: one application from an eligible lead law enforcement agency, and one from an eligible lead victim service organization. These two applications should be developed collaboratively and submitted as a pair.

- **Category 1: Development of Human Trafficking Task Forces:*** Task forces that have newly formed (formally operational less than 3 years) or have never received funding under the OJP Enhanced Collaborative Model Task Force Program are eligible to apply.

  Funding under Category 1 will help task forces with critical first steps related to starting up a multidisciplinary task force and establishing a strong foundation of task force leadership structure, clear roles and responsibilities, and internal processes and protocols. Successful applicants will dedicate the first 12–18 months of funding to formalize task force structure, develop operational procedures, access professional development and training opportunities, deliver training to key stakeholders, and conduct a community assessment to identify potential areas of the community where sex and labor trafficking may be occurring.

- **Category 2: Existing Human Trafficking Task Forces:*** Task forces that have been formally operational for a minimum of 3 years and can demonstrate strong task force leadership and structure, and have a history of identifying trafficking victims and prosecuting traffickers. Task forces that have previously received OJP Enhanced Collaborative Model Task Force Program funding for a grant that ends on or before September 30, 2021, are eligible to apply.

  Funding under Category 2 allows task forces to expand their task force operations and partnerships, implement task force sustainability plans, and assist OJP in building the capacity of other task forces in the field.

Mandatory Program Requirements
1. Submit the policies, procedures, and rules governing the provision of services—including any protocols that govern task force operations that relate to investigations and prosecution—to OVC for review (post-award, as may be required by OVC).
2. Participate in OVC-required training and technical assistance to ensure task force policies and procedures follow applicable federal and state laws protecting the civil rights of program participants and staff (post-award).
3. Ensure that any staff, partner staff, or service providers working with trafficking victims are adequately licensed and trained to work with such victims, including by accessing OVC-supported training and technical assistance.
4. Conduct a data-driven community assessment, factoring in the experiences of task force stakeholders, to identify areas within the community where vulnerabilities for trafficking exploitation may be occurring.
5. Investigate, refer, and prosecute both sex and labor trafficking cases at the local, state, tribal, and federal levels.
6. Assist victims of sex trafficking and labor trafficking in achieving increased safety, independence, self-sufficiency and well-being through the provision of appropriate services.
7. Collect data and conduct ongoing assessment activities to determine if the program is meeting stated goals and objectives.

Deliverables
Category 1: Task forces will be expected to complete the following:

1. Establish and formalize the task force leadership, membership, and structure to ensure broad membership and engagement with essential agencies and individuals, to include survivor leaders/advocates. Within 12–18 months of award acceptance, the grantees will submit a Memorandum of Understanding (MOU) to OJP documenting the structure, personnel, and roles of task force members.
2. Expand collaborative partnerships among federal, state, local, and tribal law enforcement, prosecution, nongovernmental, labor, and regulatory agencies and system- and community-based service providers.
3. Identify a full-time task force coordinator to manage the day-to-day work of task force activities. The coordinator will manage partnership growth and sustainability and ensure completion of both the administrative and operational activities of the multidisciplinary task force. The coordinator may be supported from either the victim service provider agency or the law enforcement agency. Applicants may benefit from reviewing this webinar resource on the role of a task force coordinator.
4. Conduct a data-driven community assessment, factoring in the experiences of task force stakeholders, to identify areas within the community where vulnerabilities for trafficking exploitation may be occurring.
5. Finalize and implement task force protocols related to information sharing and confidentiality, referrals to/from law enforcement and victim service providers, communication and working with the media, and data collection and data sharing (within the second year of the award). Sample protocol development checklists are available here:

- **Category 2: Task forces will be expected to complete the following:**

  2. Identify and serve victims of all types of human trafficking.
  3. Implement victim-centered, trauma-informed, and collaborative approaches through the development and consistent implementation of task force protocols and training.
  4. Active involvement from all task force partners in planning and executing proactive investigations and prosecutions. Proactive investigations involve the use of more advanced investigative methods and criminal intelligence gathering and analysis, and go beyond traditional online and vice-style operations. Proactive investigations involve in-depth pre-planning and active collaboration from victim service providers, prosecutors, and key multidisciplinary partners. Some examples of activities that would be considered proactive include leveraging existing data sources and criminal intelligence gathering and analysis to target investigative strategies based on the type of human trafficking crime (e.g., illicit massage businesses, trafficking of minors, labor trafficking), conducting concurrent financial investigations, outreach to vulnerable populations, community-oriented and awareness activities, and conducting assessments of available data on labor industries in the community such as prior safety or labor/wage violations or visa abuses.
  5. Investigate, refer, and prosecute both sex and labor trafficking cases at the local, state, tribal, and federal levels.
  6. Assist victims of sex trafficking and labor trafficking in achieving increased safety, independence, self-sufficiency and well-being through the provision of appropriate services.
  7. Collect data and conduct ongoing assessment activities to determine if the program is meeting stated goals and objectives.

O-OVC-2021-16604
prior safety or labor/wage violations or visa abuses.

9. Assess task force performance and produce annual reports documenting task force efforts.

10. Develop a sustainability plan for human trafficking task force operations.

Category 2 Task forces will be expected to complete the following:

1. Refine existing task force protocols related to information sharing and confidentiality, referrals to/from law enforcement and victim service providers, communication and working with the media, and data collection and data sharing. Based upon task force growth and expansion, conduct an assessment of gaps in shared protocols and develop new task force protocols to support task operations.

2. Strengthen and expand collaborative partnerships among federal, state, local, and tribal law enforcement, prosecution, nongovernmental, labor, and regulatory agencies and system- and community-based service providers.

3. Identify a full-time task force coordinator to manage the day-to-day work of task force activities. The coordinator will manage partnership growth and sustainability and ensure completion of both the administrative and operational activities of the multidisciplinary task force. The coordinator may be supported from either the victim service provider agency or the law enforcement agency. Applicants may benefit from reviewing this webinar resource on the role of a task force coordinator.

4. Conduct proactive investigations and prosecutions of sex trafficking and labor trafficking crimes. Proactive investigations involve the use of more advanced investigative methods and criminal intelligence gathering and analysis, and go beyond traditional online and vice-style operations. Proactive investigations involve in-depth pre-planning and active collaboration from victim service providers, prosecutors, and key multidisciplinary partners. Some examples of activities that would be considered proactive include leveraging existing data sources and criminal intelligence gathering and analysis to target investigative strategies based on the type of human trafficking crime (e.g., illicit massage businesses, trafficking of minors, labor trafficking), conducting concurrent financial investigations, outreach to vulnerable populations, community-oriented and awareness activities, and conducting assessments of available data on labor industries in the community such as prior safety or labor/wage violations or visa abuses.

5. Provide (direct and through partnerships) an array of services that victims of sex and labor trafficking require to address their individualized needs for safety, security, and healing. See the "Types of Victim Services that OVC Funds" chart for the types of services that may be provided to trafficking victims under this award.

6. Jointly deliver targeted training and public awareness materials about sex trafficking and labor trafficking that have a shared task force message. Task forces should plan on leveraging existing training resources created by OVC TTA providers, such as "Understanding Human Trafficking" and "Anti-Human Trafficking Training and Technical Assistance.

7. Conduct a sustainability planning process for human trafficking task force operations. These TTA activities will support task force grantees in improving their capacities by addressing the objectives and mandatory activities of effective task force operations and completing quality deliverables in a timely manner. OJP anticipates that the multidisciplinary task forces and related law enforcement and prosecution personnel will leverage TTA resources from a variety of federal agencies.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Application and Submission Information.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the OJP Grant Application Resource Guide.

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the OJP Grant Application Resource Guide section entitled "Information Regarding Potential Evaluation of Programs and Activities.”

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. In FY 2021, OJP will give priority consideration in award decisions to applications that demonstrate ways in which their projects will advance one or more of these areas.

To receive priority consideration for advancing one or more of the Department’s priorities, the applicant must provide a sufficient narrative explanation as an attachment, that specifies how the project will advance the promotion of civil rights, access to justice, support to crime victims, protecting the public from crime and evolving threats, or building trust between law enforcement and the community.

In addition, OJP will give priority consideration, if applicable, to applicants that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties. For purposes of this priority consideration, the term "high-poverty area" means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at https://www.census.gov/acs/www/data/tables-and-tools/horizon-profiles/2017/). The term "persistent poverty counties" means any county that has had 20 percent or more of its population living in poverty over the past 50 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at https://www.census.gov/acs/www/numbers/saipe/saipe-county.html and at https://www.census.gov/programs-surveys/saipe/saipe-county.html).

Continuation Funding Intent
OVC may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. OJP will consider, among other factors, OJP’s strategic priorities, a recipient’s overall management of the award, and progress of award funded work, when making continuation award decisions.

Availability of Funds
This solicitation, and awards if any are made under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Types of Awards
OVC expects to make awards under this solicitation as cooperative agreements, which provide for OJP to have substantial involvement in carrying out award activities. See the “Administrative, National Policy, and Other Legal Requirements” section of the OJP Grant Application Resource Guide.

Financial Management and System of Internal Controls
Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. The “Part 200 Uniform Requirements” means the DOJ regulation at 2 C.F.R. Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200. See OJP Grant Application Resource Guide for additional information.

Budget Information
Funds awarded through this program are designed to support costs for key program activities: task force coordination; personnel and related travel for investigations and prosecutions, crime and intelligence analyses, direct victim services, training, community outreach, and ongoing data collection and program assessment.

Unallowable Costs
The following activities cannot be supported with grant funds:

- Holding Beds
Grantees may not “hold beds” in a housing facility by charging their cost to the grant and keeping them empty until a victim needs the bed when other victims need access to the beds, as this would be considered an unallowable contingency payment (see C.F.R. 200.433 (c)).

- Stipends/Incentives to Participate in Services
Neither cash nor non-cash stipends or incentives may be paid to victims to encourage their participation in services. Nominal cash or non-cash stipends (e.g., taxi or ride share vouchers, public transportation tickets/tokens, money to pay for child care or gift cards for meals that are necessary when participants receive services) are allowable.

- Primary Prevention Activities
Grants may not purchase or lease vehicles, but vehicle rentals may be allowed with sufficient justification.

Limitation on Use of Funds (22 USC 7110(g))

Restriction on programs
No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to promote the purposes of this Act by ameliorating the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked.

Restriction on organizations
No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to implement any program that targets victims of severe forms of trafficking in persons described in section 7102(b)(8) of this title through any organization that has not stated in either a grant application, a grant agreement, or both, that it does not promote, support, or advocate the legalization or practice of prostitution. The preceding sentence shall not apply to organizations that provide services to individuals solely after they are no longer engaged in activities that resulted from such victims being trafficked.

Cost Sharing or Matching Requirement
This solicitation requires a 25 percent cash or in-kind match. See OJP Grant Application Resource Guide for additional information on this match requirement.

See the OJP Grant Application Resource Guide for information on Pre-agreement Costs (also known as Pre-award Costs).

Limitation on Use of Award Funds for Employee Compensation: Waiver
See the OJP Grant Application Resource Guide for information on Limitation on Use of Award Funds for Employee Compensation; Waiver.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs
See the OJP Grant Application Resource Guide for information on Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs.

**Proposal Narrative**

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point Times New Roman font; have no less than 1-inch margins, and should not exceed 20 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, OVC may negatively consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

**a. Statement of the Problem**

1. Identify the nature and scope of the problem that the program will address. Applicants must demonstrate the problem of human trafficking within the targeted geographic area. Applicants should cite the source(s) of this data, which could include local, state, and federal data regarding investigations, prosecutions, and the number of individuals identified as victims of human trafficking in the proposed geographic area along with data from victim service providers or other local stakeholders.
2. Describe previous or current attempts to respond to human trafficking in the geographic area, including a description of previous task force efforts, if any, and documentation of the number of trafficking victims served during the last three years within the targeted geographic area. At a minimum, applicants must identify the total number of victims they previously identified and served within the targeted geographic area, and the types of victims assisted (sex or labor trafficking victims).
3. Describe the communities to be served, including the geographic location, populations in the service area, and any unmet needs regarding identifying and serving victims of all forms of human trafficking.
4. Describe any efforts funded through OJP, the Department of Health and Human Services (HHS), the Office on Violence Against Women, or with Victims of Crime Act (VOCA) state victim assistance funds. Explain how proposed project is not duplicative and targets identified gaps.

**b. Project Design and Implementation**

The application must provide a clear link between the proposed activities and the need identified in the “Statement of the Problem” section above. [The Multidisciplinary Collaborative Model for Anti-Human Trafficking Task Forces: Development and Operations Roadmap and the Human Trafficking Task Force e-Guide serve as technical assistance resources for both new and established task forces and describe the core functions of a successful multidisciplinary task force.]

1. Describe the task force leadership structure (existing or planned). Applicants should name the individuals, their roles and responsibilities, and the organizations that they represent.
2. Describe task force membership and structure, identifying representation from law enforcement, prosecutorial agencies, victim service providers, local regulatory agencies, and other related organizations. Provide a plan for regularly scheduled multidisciplinary task force meetings. Monthly meetings of task force leadership are recommended.
3. Describe how the project will identify victims of all forms of human trafficking.
4. Describe how the project will address the individualized needs of victims of all forms of trafficking through the delivery of an array of services that will be provided with grant funds (see the “Types of Victim Services that OVC Funds” chart). Describe how and where the services will be provided.
5. Describe how the task force coordinator will communicate and coordinate all task force activities with the law enforcement and victim service partner. The individual performing these responsibilities and the percentage of time that they dedicate to these administrative activities should be clearly indicated as “Task Force Coordination” within the budget.
6. Outline the plan for protocol and procedure development. All applicants must identify the type of protocols that will be developed within the 3-year project period, and include this activity on the Time-Task Plan. See the Activities and Deliverables section for any specific protocols that must be developed.
7. Describe how victim safety and confidentiality will be ensured during victim identification, investigations, and service delivery. Describe how the applicant will ensure that any applicant staff or funded partner staff working with trafficking victims are adequately licensed and/or trained to work with victims.
8. Describe plans for delivering training to task force partners to ensure that partners are prepared to identify and refer victims to appropriate services and investigate and prosecute cases with a trauma-informed approach. Applicants should describe how they will leverage existing training, including OVC’s foundational online training Understanding Human Trafficking, for staff and partners. Post award, grantees will consult with OVC training and technical assistance providers regarding available content to inform training funded under this solicitation.

**c. Capabilities and Competencies**

1. Demonstrate the institutional experience and expertise of both applicants to effectively implement the solicitation requirements.
2. Identify the program staffing and management structure and how key staff will be supervised.
3. Demonstrate that the individuals and organizations identified have the capacity and training to implement project activities, including the expertise necessary to investigate and prosecute trafficking crimes, provide services to human trafficking victims, provide training to task force partners, and work collaboratively as a member of a multidisciplinary team.
4. Provide position descriptions for staff to be hired.
5. Describe the applicant’s experience managing federal grants that support services to crime victims and/or law enforcement efforts. Document the administrative and financial capacity to manage federal grants.

**d. Plan for Collecting the Data Required for this Solicitation’s Performance Measures**

This section must include the following information:

1. A plan for collecting all of the performance measures data required by this solicitation.
2. A description of the qualifications of the key staff who will be responsible for collecting data and reporting performance measures in JustGrants.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under “Goals, Objectives, and Deliverables” in the Program Description.

Award recipients will be required to submit performance measures data and performance reports in JustGrants. Examples of the performance measures questionnaire can be found at https://ovc.ojp.gov/funding/performance-measures-overview. Further guidance on the post-award submission process will be provided, if selected for award.

Note: Applicants are not required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

**Note on Project Evaluations**

Tribal Authorizing Resolution

If applicable, applicants must submit the Tribal Authorizing Resolution by uploading the resolution as an attachment in JustGrants. An application in response to this solicitation may require inclusion of information related to a tribal authorizing resolution as an attachment. See the OJP Grant Application Resource Guide for information on tribal authorizing resolutions.

Research and Evaluation Independence and Integrity Statement

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. Applicants will submit a description of their research and evaluation independence and integrity by uploading the document as an attachment in JustGrants. For additional information regarding demonstrating research/evaluation independence and integrity, including appropriate safeguards, see the OJP Grant Application Resource Guide.

Task Force Memorandum of Understanding/Agreement (MOU or MOA)

Applicants must submit a task force MOU or MOA that clearly articulates the specific roles and responsibilities of each partner and the level of involvement each agency will have in the overall task force operations. At a minimum, the MOU should include the following information:

- Task force name.
- Purpose and commitment to the task force vision, mission, and objectives.
- Roles and responsibilities of the core law enforcement and victim service partners with regard to task force leadership, task force administration, meeting participation, proactive investigation of trafficking crimes, identification of victims, direct victim services, training, public awareness, and outreach.
- Proposed time period for the collaborative work (3 years, beginning October 1, 2021, through September 30, 2024). Signatures from both the lead victim service provider applicant and a lead law enforcement or prosecutorial applicant.

Category 1 applicants must submit, with their application, Letter(s) of Intent (LOI) signed by the following individuals:

- The head of the applicant law enforcement agency.
- The head of the applicant victim service organization.
- A representative of at least one federal law enforcement agency—Homeland Security Investigations (HSI) or the FBI—with jurisdiction over the proposed geographic region of the task force.

If the proposed geographic area of the task force includes tribal lands, applicants should also submit an LOI from a tribal law enforcement agency, including Bureau of Indian Affairs (BIA) direct service law enforcement, BIA contract law enforcement, tribal law enforcement, or another applicable law enforcement agency with jurisdiction within tribal land. Letters of Intent must demonstrate a commitment to active engagement and substantive participation in task force activities, if the application is funded. The LOI can be submitted jointly or separately, but must be included as a separate attachment to the application.

For more information on what the task force LOI must include, see page 16.

Category 1 grantees are encouraged to seek collaboration with their jurisdiction's United States Attorney's Office (USAO).

Successful applicants under Category 1 will have 12–18 months from the date that they accept the award to develop a task force MOU signed by the lead law enforcement agency, the lead victim service provider, tribal law enforcement, or another applicable law enforcement agency with jurisdiction within tribal land. See page 14 for list of the required elements of the Task Force MOU.

Category 2 applicants are required to submit a Task Force MOU that includes signatures from the following representatives:

- The lead law enforcement agency.
- The lead victim service provider.
- The federal law enforcement representation, preferably both FBI and HSI. Participation of both HSI and the FBI has been identified as a promising practice of the most successful OJP-funded task forces. If the proposed geographic area of the task force includes tribal lands, the MOU should also include a signature from tribal law enforcement, including BIA direct service law enforcement, BIA contract law enforcement, tribal law enforcement, or another applicable law enforcement agency with jurisdiction within tribal land. See page 14 for list of the required elements of the Task Force MOU.

Category 2 applicants are encouraged to seek an MOU signature from the USAO that has jurisdiction over the geographic region covered by the task force.

Category 2 applicants should anticipate that if they fail to submit an MOU, submit an MOU that does not include signatures from all of the required partners, or submit an MOU that does not meet all of the required elements outlined on pages 14–16, it will have negative implications during the peer review process. Should a decision be made to make an award, it will result in the inclusion of award conditions that preclude the law enforcement grantee and the victim service provider grantee from accessing or using award funds, pending submission and acceptance of a fully executed Task Force MOU.

Subaward MOU and/or Letters of Intent (LOI)

Separate from the Task Force MOU, for investigative, prosecutorial, or victim service work to be provided by project partners who are not Task Force MOU signatories, the applicant must name the project partner that will provide the specific work or service in the proposal narrative, and include, as an attachment to the application, an LOI or MOU describing the commitment from that organization to perform a specific deliverable under the award. The subaward LOI or MOU should describe the fee for the service or cost to the grant for each service. If services are to be provided as in-kind match, pro-bono, or at no cost to the grant, this must be clearly stated. All subaward MOU and LOI should be submitted as one separate attachment to the application.

Subaward MOU and LOI must include—

- organization names;
- scope of the work to be performed;
- duration of the agreement;
- estimated cost of services provided, describing whether it is a fee-for-service, in-kind match, or no cost; and
- whether or not there is a cap on the total amount of the agreement, including limits of hours worked, clients served, etc.

Position Descriptions and Resumes

Position descriptions and resumes for key positions should be tailored to the applicant to demonstrate qualifications of staff involved in the project.

Project Time-Task Plan

Attach a 3-year project timeline with an estimated start date of October 1, 2021, identifying each project objective, activity, expected completion date, and responsible person or organization.

Plan for Conducting Proactive Trafficking Investigations and Prosecutions

This attachment must be double-spaced, using 12-point Times New Roman font with 1-inch margins, should not exceed 10 pages, and must—
• Include a statement from the lead victim service provider applicant that indicates their input and concurrence into this plan.
• Identify the organizational unit from which investigative or prosecutorial efforts will be based.
• Describe the staffing plan.
• Describe how the law enforcement agency will work collaboratively with victim service provider partners in conducting victim-centered investigations.
• Describe the various investigative strategies that the law enforcement agency does or will employ to investigate all forms of trafficking.

• Describe how tips related to crimes of human trafficking are or will be investigated.
• Describe how victims of trafficking involved in investigations are or will be identified by law enforcement and referred for services.
• Describe any existing protocols that address identifying victims, interviewing victims, and notifying victims of their rights as crime victims.
• Describe how victim confidentiality is or will be maintained by the law enforcement agency.

Applicants will submit the narrative by uploading the document as an attachment in JustGrants.

Documentation of High-Poverty Areas or Persistent-Poverty Counties (if applicable)

As mentioned above, OJP will give priority consideration in award decisions to applications that demonstrate that the individuals who will benefit from the requested grant reside in high-poverty areas or persistent-poverty counties as defined above. Each applicant proposing to receive consideration under the High-Poverty Areas or Persistent Poverty Counties priority must provide a sufficient narrative explanation to identify each specific High-Poverty Area (by census tract number(s)) and/or each specific Persistent-Poverty County where individuals are intended to benefit from the requested grant and how the requested grant will address specific challenges in each such identified area and/or county. Applicants will submit the narrative by uploading the document as an attachment in JustGrants.

Other important considerations for OVC include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to addressing specific challenges that rural communities face, high-poverty areas or persistent-poverty counties, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (Web-based Form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP reserves the right to request applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

• The application must be submitted by an eligible type of applicant.

• The application must meet minimum requirements established within programmatic funding constraints (if applicable).

• The application must be responsive to the scope of the solicitation.

• The application must include all items necessary to meet the basic minimum requirements.

OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardees Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such
comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
