Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats and builds trust between law enforcement and the community.

This program will provide funding to support an entity that will (1) competitively select and fund subawards to support direct services to children and youth who are crime victims impacted by the Nation's drug crisis, and (2) provide technical assistance to the selected subawardees.

For this program, the following definitions apply:

- Drug or substance use refers to a person taking a drug, either prescribed or not, in a way other than it is intended to be used.
- Polyvictims are victims or survivors of more than one type of victimization (such as sexual abuse, physical abuse, neglect, bullying, and exposure to family violence) and those who have experienced multiple victimizations over a lifetime (Finkelhor, D., Turner, H., Ormrod, R., Hamby, S., & Kracke, K. (2009). *Children's Exposure to Violence: A Comprehensive National Survey*. U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention). Children and youth who are crime victims impacted by the Nation's drug crisis may be polyvictims, and therefore have complex service needs including a potential need for support services to their families. This program is intended to address the complex needs of children, youth, and their families impacted by the Nation's drug crisis.

Statutory Authority

OVC anticipates that any funds awarded under this solicitation would be made under statutory authority that provides funding for comprehensive opioid abuse reduction activities [including as authorized by the Comprehensive Addiction and Recovery Act (CARA)], and to address opioid, stimulant, and substance use disorders, as provided by a full-year appropriations act for FY 2022.

Specific Information

An increase in exposure to opioid, stimulant, and polysubstance use has negatively affected children and youth, many of whom have been harmed either directly or indirectly by the drug use of parents, caregivers, and other persons in positions of trust. This program will address the traumatic impact of such drug use on children and youth and aims to stop the cycle of abuse and neglect stemming from drug use in families, in part through multisystem and, if applicable, multigenerational service delivery to affected family members.

Many youth harmed by caregivers' drug use are polyvictims; they have experienced more than one type of victimization such as sexual abuse, physical abuse, neglect, bullying, and exposure to family violence. Young victims and their family members—some of whom may have taken on unexpected caregiving roles as a result of a family members' drug use—have complex needs stemming from exposure to this environment and the trauma that results from living in such conditions. The services provided to these vulnerable victims must take into account individual, family, and community contexts in order to provide adequate intervention and prevent further harm. Examples of direct services that might be needed could include, but are not limited to, traditional and nontraditional modalities of therapy, case management, legal aid, substance use treatment programs, and subsidized childcare. Effective community responses will require expanded partnerships and cross-sector collaboration to improve outcomes for this vulnerable population.

Under this program, OVC expects to make a 3-year cooperative agreement award of up to \$2 million for a lead entity and technical assistance (TA) provider to both develop and manage a subaward program and provide TA to subawardees. In partnership with OVC, the lead entity will competitively select up to 14 subawardee sites (service providers who specialize in substance use) across the country to implement 1 to 2 year field-generated projects ranging between \$50,000 and \$100,000. The subawardees will work toward creating replicable victim services, including multidisciplinary community response approaches, for youth impacted by drug use. The subaward projects will also be required to address the needs of families and caregivers. The subaward program will make a priority those projects planned for communities that demonstrate high levels of crime related to

substance use, and for geographic areas where there are gaps in services for victims. The TA provider will support the project sites in the early identification of child and youth victims, as well as promote the establishment and expansion of sustainable community partnerships.

Up to \$750,000 of the award may be used to provide overall project management, technical assistance, and oversight of subawardees.

Goals, Objectives, Deliverables, and Timeline

Goals

The ultimate goal of this program is to expand, enhance, and formalize the service response to children, youth, and families who have been harmed by exposure to drug use.

Objectives

The objectives of this program are to—

1. ascertain new ways of identifying children and youth impacted by substance use who need victim services;
2. increase partnerships and the availability of, and access to, direct services and multidisciplinary response strategies for children, youth, and families who have been harmed through exposure to drug use, including those experiencing polyvictimization;
3. enhance knowledge and build the capacity of service providers to serve this population more effectively; and
4. broadly share innovative crime victim response models that can be replicated in other communities and jurisdictions to address this population.

Deliverables

1. creation and dissemination of a solicitation to competitively select, in close consultation with OVC, up to 14 direct service providers for subawards;
2. execution of subawards;
3. provision of survivor-informed TA, created specifically for the subawards;
4. provision of program oversight and management;
5. development and execution of a monitoring plan for overseeing the work of the subawardees;
6. facilitation of calls, webinars, or other meetings between and among sites to facilitate discussion and information exchange;
7. provision of peer-to-peer consultation and networking opportunities among the sites to promote problem-solving and exchange resources;
8. provision of technical assistance and capacity building to subawardees to increase their knowledge of effective responses to drug use-related crime victimization, including polyvictimization, trauma-informed services, resources for victims of crime, state compensation programs, victims' rights, legal remedies, and other tailored assistance identified by subawardees;
9. analysis of performance data from subawardees to determine if the programs are meeting the stated goals and objectives; and
10. development of a guide about promising approaches to addressing drug use-related crime, including polyvictimization, based on the work of the program's subawardees.

Other deliverables, as well as deliverables for subawardees, are to be determined in collaboration with OVC.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based

programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

A. Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

B. Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30% of the requested award funding, as demonstrated in the Budget Worksheet and Budget Narrative) identifies as a culturally specific organization. To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project (s) and should also specify which culturally specific populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov **within 24 hours after the application deadline** to request approval to submit its application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced;
- Include a timeline of the applicant's submission efforts (e.g., what date and time did the error occur, what date and time was action taken to resolve the issue and resubmit; and what date and time did support representatives respond)
- Include an attachment(s) of the complete grant application and all required documentation and material; and
- Include the applicant's Unique Entity Identifier (UEI), any applicable SAM.gov tracking number(s), Grants.gov Help Desk, and JustGrants Support Desk Ticket Numbers.

OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application](#)

Application Review Information

Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers. Applications will be evaluated on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (20%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate the administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (5%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OVC include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned priority areas already mentioned), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the

applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
