Budget Detail Worksheet (BDW)
The Budget Detail Worksheet (BDW)

- Provides guidance to assist in preparing and submitting your budget
- Attach to your application submission in JustGrants
- Supports coordination among partners and staff (everyone working from the same shareable document)
- Serves as a working document in the event your computer crashes, there are connectivity issues or other unforeseen circumstances
Where can I find the BDW?

OJP Budget Detail Worksheet

The Budget Detail Worksheet and the Budget Narrative are now combined in a single document collectively referred to as the Budget Detail Worksheet. The Budget Detail Worksheet is a user-friendly, fillable, Microsoft Excel-based document designed to calculate totals. Additionally, the Excel workbook contains worksheets for multiple budget years that can be completed as necessary. All applicants should use the Excel version when completing the proposed budget in an application, except in cases where the applicant does not have access to Microsoft Excel or experiences technical difficulties.

- Budget Detail Worksheet (Excel - 561 KB)

Developing a Project Budget
Steps for Budget Development Process

**Step 1: Write Project Narrative**
- Clearly identify programmatic goals and objectives aligned with the mission and strategic plan
- Determine financial resources needed to achieve program goals

**Step 2: Use the BDW; Complete SF-424**
- Estimate costs
- Enter each year’s budgeted costs under the corresponding year tab
- Enter each line-item cost, which corresponds to the budget narrative

**Step 3: Write BDW Category Narrative**
- Write a thorough and clear description for every budget category cost
- Explain the basis for the estimated costs
- Show how line items were calculated
- Explain why costs are necessary to the proposed project

**Step 4: Attach BDW to your JustGrants submission**
- Submit your BDW as an attachment in JustGrants with your application
- Remember: OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities)
Create a SMART Budget

A SMART budget is:

◆ Specific – list all expenses
◆ Measurable – use the computation column of the budget
◆ Attainable – be realistic
◆ Relevant – compare your timeline to your budget and double-check that each item is accounted for
◆ Time-bound – organize your budget by year or month
Estimating Costs and Writing a Budget Narrative

◆ Outline the program activities

◆ Identify the true costs associated with each activity

◆ Assign the costs to the appropriate cost categories

◆ Create a strong budget narrative that explains and justifies each cost, and includes the basis of computation

◆ Ensure all costs meet the requirements in the solicitation
IMPORTANT: Review Allowable and Unallowable Costs

Office for Victims of Crime
Fiscal Year 2022
Tribal Victim Services Set-Aside Program
Examples of Allowable and Unallowable Costs

This document provides examples of program activities and specific costs for which Office for Victims of Crime (OVC) Tribal Victim Services Set-Aside (VSSA) Program grant funds may be used. Use this document when developing your Budget Detail Worksheet and Program Narrative (which should be consistent with each other) to describe the proposal for OVC review. Funding must be used to provide services to crime victims. OVC will review all proposed costs in the context of the grant proposal. To use this document:

- Use DOJ’s Grants Financial Guide and 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, hereafter “Part 200 Uniform Requirements”) as a resource for your budget-related questions, and in conjunction with your tribe’s or organization’s policies and procedures, to determine the parameters of budgeted costs.
- When considering whether costs are allowable through this grant program, use these questions as a guide:
  - Is this cost/activity related to supporting or assisting crime victims?
  - How is this cost related to the program mission?

Allowable Costs

1. Is this cost related to supporting or assisting victims of crime?
2. How is this cost related to the proposed project?
3. How does this expense help victims of crime?
Allowable Costs

Can this cost be allocated specifically to this project?
Allowable Costs

Is this cost reasonable and justifiable?

The Victim Advocate will need to transport victims to and from court proceedings and meetings with community service providers. We estimate they will travel approximately 1000 miles a year. We have used the federal mileage reimbursement rate of $.585. (.585 x 1000 = $585). The Project Director and Victim Advocate will attend one DOJ-Sponsored Training in Year One. Location is still to be determined so we have used Washington D.C. to provide estimates for this trip. Roundtrip airfare is estimated at $1000 per person. ($1000 x 2 = $2000). We estimate four nights of Lodging using the GSA rate of $258/night. (4 x $258 x 2 = $2,064). Per Diem will include 4 days at full day GSA rate (4 x $79 x 2 = $632) and 2 travel days at 75% (2 x 59.25 x 2 = $237). We have also included line items for travel to and from the hotel at $20 per trip for 2 staff ($20 x 2 x 2 = $80) and baggage fees of $35 each way for two staff ($35 x 2 x 2 = $140).
Equipment Category

- List and describe non-expendable items to be purchased
- Rented or leased equipment costs should be listed in “Contracts” line item
- Use the tribal entity’s own capitalization policy for over $5,000 per unit
- Expendable items should be included in the “Supplies” category
- Analyze the cost benefits of purchasing versus leasing equipment
Examples of Equipment

- Case management systems
- Modular home kits
- CAC recording equipment
- Security systems
- Accounting/financial management software
- Vehicles

**Narrative**: In Year One, we will purchase case management software to help us track clients and outcomes. We are currently researching the best option and have based on our estimate on average costs based on this research. We will follow our internal procurement policies. We are also requesting funds for a modular home kit to house our victim services program. We have identified a specific kit that will provide us with the needed space and shipping included. We selected this kit after receiving three separate quotes from vendors.
What is a lease?
A lease is one type of procurement action allowable with federal grant funds. While leases are a less used method, they can be more economical ways of obtaining items necessary for your work on federal grants. This is especially so if the item is not needed after the grant period is over. There are many types of leases an organization may need to secure including:

- Equipment
- Machinery
- Real property (buildings and land)
- Subleases
- Vehicles

Can you purchase property or construct a new building with Department of Justice (DOJ) grant funds?
In general, the purchase of property or construction of a new structure is not allowable with DOJ funds. If you have a need to purchase property or construct a new structure, you should send a request, including a justification of need, to your OVC Grant Manager for review and approval prior to taking any action.

What are included in lease agreements?
- All parties included in the transaction are identified
- Item being leased and a description of the item
Supplies Category

Office supplies
- Postage
- Training materials
- Copy paper
- Pens, pencils, markers
- Easel pads
- Folders

Furniture for the new office space will consist of two desks (2 x $500), two office chairs (2 x $350), and two shelving units (2 x $150) for a total of $2,050. Furniture for the waiting area will include a sofa and loveseat at $1500, a coffeetable and end table set at $500, a tv stand at $300, a TV at $300, and two lamps at $200 for a total of $2800. We are requesting two laptops and peripherals to include a second monitor, laptop case, and wireless mouse for the Project Director and Victim Advocate. Office supplies include paper, pens, staples, ink cartridges, etc and are estimated at an average monthly cost of $150. ($150 x 12 = $1800). Cultural supplies include supplies like sage, beads, fabric, and other items to be used with clients to promote wellness and traditional healing practices at an average monthly cost of $200. ($200 x 12 = $2400).
Subawards (Subgrants) Category

To be considered a subaward, the subrecipient:

◆ Determines who is eligible to receive grant-funded services
◆ Reports data on its activities carried out with grant funds to the grantee for inclusion in required program performance measurements
◆ Bears responsibility for:
  ◆ Making decisions about programmatic activities
  ◆ Adhering to federal program requirements
  ◆ Providing services to members of the public, as opposed to providing goods or services for the benefit of the grantee

Average monthly utilities (water, gas, electric, internet) for the modular home kit are estimated at $300 a month. ($300 x 12 = $3600). The Project Director and Victim Advocate will take turns covering a 24 hour on-call cell phone estimated to cost approximately $100/month. ($100 x 12 = $1200). We have estimated DOJ-Sponsored Training registration fees at $250 per person. ($250 x 2 = $500). We are also including a monthly postage cost at $10 a month. ($10 x 12 = $120). Our program will provide Emergency Housing Assistance to victims. This assistance will be a combination of hotel stays or rental assistance depending on the need of the client. In any event, we will cap assistance at 7 days of hotel lodging or one month’s rent. Hotel stays will not exceed the established GSA rate for the location of the hotel. We anticipate an average monthly cost of $1000. ($1000 x 12 = $12,000). We are also requesting funds for Emergency Victim Supplies which will include emergency gas vouchers, food vouchers, clothing, hygiene products, etc. All assistance will be via voucher or gift card with restrictions in place that will prevent purchase of alcohol or other unallowable items and will follow our internal gift card/voucher policy. We are estimating an average monthly cost of $1000. ($1000 x 12 = $12,000).
New for FY 22 TVSSA Awards

Missing and Murdered Indigenous People

- Award funds may now be used to aid families of missing persons and generate awareness about missing persons cases
- Limited to a combined total of no more than 3% of the total award amount
- Line item must be identified as “Search Costs” in your itemized budget
Indirect Costs Category

◆ The recipient has a current (unexpired), federally approved indirect cost rate; or
◆ The recipient is eligible to use, and elects to use, the “de minimis” indirect cost rate described in the Part 200 Uniform Requirements
Establishing an Indirect Cost Rate

- Entities request an indirect cost rate from the federal government by submitting a proposal.
- Tribal nations negotiate their indirect cost rate with the U.S. Department of Interior, which is called the “cognizant agency.”
A de minimis Cost Rate Explanation

If your budget has $400,000 in direct costs, the amount of indirect costs recovered would be:

$40,000 using the 10% DE MINIMIS RATE

OR

$80,000 using a NEGOTIATED INDIRECT COST RATE of 20%

Our negotiated rate for FY22 is 23.56%. Our base includes all Direct Costs minus capital expenditures and passthrough funds. Our tribes considers Procurement Contracts for labor to be passthrough funds so these are excluded from our direct costs pool. We will submit our FY23 rate when received and complete a budget modification at that time.

Budget Building Challenges and Success Strategies
Poll Question 2 (select all that apply)

What part of budgeting is most challenging for you?

- Allowable vs unallowable costs
- Indirect vs direct
- Personnel
- Fringe benefits
- Travel costs
- Construction
- Subaward vs. procurement
- Equipment vs. supplies
- Other costs
Most Popular: Cost Categories

- Every entity has a different way of categorizing costs according to their internal financial policies and procedures.
- **Use the solicitation as a resource!** It provides an explanation for what belongs in each cost category.
- Carefully read the explanation at the beginning of each cost category in your grant solicitation.
- When in doubt, reach out!
Top Budget Development Challenges

1. The budget needs to be mathematically sound, correspond with information described in the Project Narrative and aligned with the project design.
2. Properly link all costs outlined in the budget to the project narrative.
3. Be sure that funding requested is consistent with the allowable activities under the solicitation and DOJ Grants Financial Guide.
4. Correctly identify subaward vs. procurement relationships.
Keys to a Successful Budgeting Process

1. Read the solicitation carefully.
2. Create a S.M.A.R.T. budget.
3. Involve project staff and other collaborators in the budgeting process.
4. Try to determine actual costs on big ticket items and remember to factor in shipping and/or delivery fees.
5. Document everything. This will be very important in managing the budget throughout the year.
6. Customize your process. The steps each entity takes will be somewhat different.
