Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, OVC seeks to fund one lead organization that will (1) competitively select and fund subawards to recruit, train, and deploy paid peer recovery coaches who will assist a family member or caregiver's recovery from substance misuse in order to support the well-being of youth who have experienced victimization as a result of the drug use; (2) provide technical assistance to the selected subawardees; and (3) assist in the development of a peer recovery coach paraprofessional program. By promoting recovery through a peer recovery coaching model, this program will support children, youth, and families, including kinship families and grandfamilies, who have been victimized by neglect, abuse, or violence because of a family member or caregiver's drug use.

For this program, the following definitions apply:

- **Drug or substance use or misuse** refers to a person misusing a legal substance in a way other than intended or prescribed or using an illegal or controlled substance.
- **Peer recovery coach** refers to a person who brings the lived experience of recovery, combined with training and supervision, to assist others in initiating and maintaining recovery, helping to enhance the quality of personal and family life in long-term recovery and reducing the amount of abuse and neglect on children, youth, and families affected by the drug crisis. Peer recovery coaches provide many different types of support, including emotional, informational, instrumental, and affiliational (connections to recovery community supports, activities, and events) support. (See the Substance Abuse and Mental Health Services Administration’s (SAMHSA) webpage on Peer Support Workers and Peer Recovery Center of Excellence.)

Statutory Authority

OVC anticipates that any funds awarded under this solicitation would be made under statutory authority that provides funding for comprehensive opioid misuse reduction activities, including as authorized by the Comprehensive Addiction and Recovery Act (CARA), and to address opioid, stimulant, and substance use disorders, as provided by the Consolidated Appropriations Act, 2023 (Public Law No: 117-328), Div. B., Title II; 136
Specific Information

OVC is committed to enhancing our Nation’s capacity and intentional efforts to provide crime victim services. It provides federal leadership in changing attitudes, policies, and practices to promote justice and comprehensive healing for all victims of crime. Since FY 2018, OVC has advanced innovations and knowledge sharing that have been transformative in supporting children and youth who experience victimization as a result of their exposure to substance use. OVC has supported the implementation of 76 projects across the country including projects serving small, large, urban, rural, and Tribal communities.

Data from the combined 2009 to 2014 National Survey on Drug Use and Health reveal that about 8.7 million (1 in 8) children in the United States live with a parent who has a substance use disorder (SUD).[i] SUDs often adversely affect the way parents or caregivers interact with and care for their children, contributing to an elevated risk of maltreatment. National data indicate that the prevalence of parental alcohol or other drug use as an identified condition of placement of children in out-of-home care has increased from 18.5 percent in 2000 to 38.9 percent in 2019.[ii] Studies show that there is substantial overlap between parents involved in the child welfare system and substance use treatment systems.[iii] Further, children removed from their homes due to parental substance use are less likely to reunify and more likely to have repeated victimizations. Approximately 1 in 5 child fatalities have been associated with parental substance use,[iv] and children living with a mother with a substance use disorder are twice as likely to have child maltreatment allegations substantiated.[v] Children who are exposed to a parent with SUDs are also more likely to develop SUD symptoms themselves.[vi]

Substance use impacts everyone, regardless of age, race, ethnicity, and background. However, research continues to demonstrate that people of color are more likely to experience disparities in accessing care. These disparities are influenced by racial bias, inadequate financial resources, stigma in communities of color, and disproportionate criminalization of drug and alcohol use in Black and brown communities. In addition, Native American communities experience some of the highest rates of drug and alcohol use despite making up a small portion of the population.[vii]

The Biden-Harris Administration’s 2022 National Drug Control Strategy (NDCS) is the first to specifically highlight “Building a Recovery-Ready Nation” as one of its key elements.[viii] In alignment with the NDCS, achieving a recovery-ready Nation is dependent on recruiting, training, and deploying paid peer recovery coaches who have lived experience with recovery, child welfare, and other systems.

Peer recovery coaches walk side-by-side with individuals seeking recovery from substance use disorders.[ix] They help people to create their own recovery plan and develop their own recovery pathway. Peer recovery coaches—individuals who have themselves experienced substance use and who have successfully gone through the recovery process—are uniquely appropriate to address the barriers faced by low-income individuals and racial/ethnic minorities, such as stigma, lack of insurance, housing
instability, and challenges navigating services. Peer recovery plans are customized and build on each individual’s strengths, needs, and recovery goals. One study found that parents with a substance use disorder who were involved in the child welfare system and received recovery coaching were significantly more likely to achieve and maintain stable reunification with their children when compared to the parents who received usual services. Stable reunification then promotes a safer environment for the children and youth.

Under this program, OVC expects to make a 3-year cooperative agreement award of up to $4 million to one lead entity to develop and manage a subaward program. In partnership with OVC, the lead entity will competitively select service providers (sites) specializing in recovery from substance use to recruit individuals with lived experience to become trained, certified peer recovery coaches. The lead entity will also provide training and technical assistance (TTA) to the sites and coaches, support collaboration among the sites selected, and support an external program evaluation. The peer recovery coaches will provide coaching to family members or caregivers who have SUDs with the goal of supporting positive outcomes for children, youth, and the entire family, including grandparents, in order to reduce the cycles of abuse, neglect, and violence that can affect those impacted by substance use and misuse.

Goals, Objectives, and Deliverables

Goals

The goal of this initiative is to support children, youth, and families who have suffered victimizations as a result of a family member’s or caregiver’s substance use disorder by recruiting, training, and certifying peer recovery coaches who have lived experience. The program will result in a peer recovery coach paraprofessional program.

Objectives

- Develop a peer recovery coach-oriented workforce/paraprofessional program that successfully integrates recovery support services and supports individuals’ efforts to initiate and sustain their recovery.
- Ensure culturally responsive service provision, equity, and justice. Specific efforts should be made to reach out to and serve marginalized and historically underserved populations.
- Enhance knowledge and build the capacity of peer recovery coaches to serve this population more effectively.
- Use the key dimensions of recovery-oriented services (health, home, purpose, and community), as well as any new federal model standards for youth, family, and adult peer support.
• Build collaborative arrangements with other organizations or partners to guarantee program success.

• Provide services in non-treatment settings where appropriate.

An applicant should address all the objectives listed above in the Goals, Objectives, Deliverables and Timeline web-based form. The applicant may also add their own goals, objectives, and deliverables.

**Deliverables**

These are the minimum requirements. Applicants may include additional deliverables in their project design.

• Create and disseminate a national request for applications, in coordination with OVC, to competitively select service providers for subawards. Subawardees will be selected based on their expertise in providing peer recovery support services for individuals experiencing substance use disorders and their capacity to provide quality supervision to peer recovery coaches. The subaward process should be designed to begin subaward activities within 6 months of the release of the request for applications.

• Execute, manage, and monitor subawards.

• Identify options for a robust training and certification curriculum for individuals with lived experience to become peer recovery coaches in a paraprofessional workforce. Training may include evidence-based frameworks or tools to support individuals in their recovery journey.

• Establish an advisory council/steering committee/peer advisory council with diverse expertise, including members in recovery from substance use, to assist with establishing a paraprofessional program of peer recovery coaches.

• Develop strategies that are sustainable and that achieve all intended outcomes that demonstrate progress. Identify guidance for communities to start peer recovery coach programs that benefit families, including kinship families and grandfamilies, and children victimized by neglect, abuse, or violence related to a family member or caregiver's drug use.

• Partner with an external evaluator to support evaluation activities and assessment of subawardees’ performance data to determine if the programs are meeting the stated goals and objectives. The evaluation should examine the outcomes associated with a recovery experience led by a peer recovery coach versus without a coach and the impact on children, youth, and families who have suffered victimizations as a result of a substance use disorder.

• Provide technical assistance to the subrecipients with establishing their...
Memorandum of Understanding (MOU) between the subawardees and the behavioral health, child welfare, and juvenile justice systems, and others (for example, substance use treatment providers, community-based organizations, recovery community organizations, local mental health and behavioral health authorities, and any other community social service agencies that may provide support services to participants). Ensure MOUs are signed by all participants within 60 days of award funding.

- Produce an annual brief to educate and inform the field on key lessons learned, including project snapshots, replicable strategies, and implementation challenges. An interim and final report should also be produced.

- Facilitate calls, webinars, or other meetings among sites and coaches to support discussion, information exchange, networking opportunities, and peer-to-peer learning.

- Budget for outreach and participation in relevant national conferences and training events to be determined in collaboration with OVC. Develop strategies to expand awareness and build skills and knowledge within the peer recovery support and victim services fields.

- Conduct a minimum of two site visits to each site over the 3-year period and provide TTA on topics such as strategic planning, workforce development, data collection, analysis strategies, etc. The TTA provider should submit a report to OVC after each site visit that summarizes findings and recommended next steps.

- Coordinate with TTA providers from other OJP components, particularly the TTA providers supporting the Bureau of Justice Assistance’s Comprehensive, Opioid, Stimulant, and Substance Use Program (COSSUP).

- Work with the subawardees to develop the paraprofessional peer recovery coach program including a sustainability plan to involve ongoing new relationships with behavioral health providers, among others. Develop and document a model of practice that is effective, sustainable, and replicable.
  - Assist with transforming respondent organizations from a traditional setting to a recovery-oriented setting, if applicable. Assist with developing recovery capital and peer recovery infrastructure.
  - Work with organizations to increase collaboration between SUD treatment staff, mental health providers, and peer recovery coaches to improve participant outcomes. Ensure relationships are mutually respectful and supportive.
  - Ensure the organizations’ policies and procedures are consistent with recovery processes.
  - Ensure peer recovery coaches have access to transportation, funds, flexible work schedules, organization-purchased cell phones, and other resources to
work with participants outside of the organizational setting and in local communities.

The goals, objectives, and deliverables are directly related to the performance measures that show the completed work’s results, as discussed in the “Application and Submission Information” section.

**Evidence-Based Programs or Practices**

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the OJP Grant Application Resource Guide.

**Information Regarding Potential Evaluation of Programs and Activities**

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the OJP Grant Application Resource Guide section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

**Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this Executive Order, OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the
following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive at least 40% of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a culturally specific organization.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

See the OJP Grant Application Resource Guide for additional information.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the SF-424 and SF-LLL in Grants.gov at https://www.grants.gov/web/grants/register.html by the Grants.gov deadline. Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the full application, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant’s Authorized Representative(s) before an application can be submitted.
Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the OJP Grant Application Resource Guide and the DOJ Application Submission Checklist.

Submission Dates and Time

The SF-424 and the SF-LLL must be submitted in Grants.gov by 11:59 p.m. eastern time on June 12, 2023.

The full application must be submitted in JustGrants by 8:59 p.m. eastern time on June 20, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:
- SAM.gov - contact the SAM Help Desk (Federal Service Desk), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the Grants.gov Customer Support Hotline, 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant’s Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the OJP Grant Application Resource Guide.

Application Review Information

**Review Criteria**

**Merit Review Criteria**
Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

Statement of the Problem/Description of the Issue (20%) - evaluate the applicant’s understanding of the program/issue to be addressed.

Project Design and Implementation (40%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

Capabilities and Competencies (20%) - evaluate the applicant’s administrative and technical capacity to successfully accomplish the goals and objectives.

Plan for Collecting the Data Required for this Solicitation’s Performance Measures (10%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.

Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OVC include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:
• The application must be submitted by an eligible type of applicant.
• The application must request funding within programmatic funding constraints (if applicable).
• The application must be responsive to the scope of the solicitation.
• The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important Note on FAPIIS:** An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.

**Federal Award Administration Information**

**Federal Award Notices**

Generally, award notifications are made by the end of the current Federal fiscal year, September 30th. See the [OJP Grant Application Resource Guide](#) for information on award notifications and instructions.

**Administrative, National Policy, and Other Legal Requirements**

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [OJP Grant Application Resource Guide](#).
Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the OJP Grant Application Resource Guide for more information.

General Information about Post-Federal Award Reporting Requirements

Required reports. Award recipients typically must submit quarterly financial reports, quarterly and semi-annual performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)
