

# Victim Compensation Certification (VCC)

Best Practices in Completing the VCC Form

# Learning Objectives

1. Understand how to accurately complete the Victim Compensation Certification (VCC) form.
2. Learn best practices to ensure that victim compensation programs understand the VCC requirements.

# Certification Requirements

Each state (including territories) that applies for Victims of Crime Act (VOCA) Victim Compensation funding must—

- submit annually the VOCA Victim Compensation Certification to the U.S. Department of Justice, Office for Victims of Crime (OVC);
- retain records (see 2 C.F.R. § 200.334) supporting the data entered in the certification form;
- maintain a policy that describes the calculation, review, and approval process for this certification;
- have the certification form completed and reviewed by an individual(s) with specialized/personal knowledge of the compensation program funding; and
- have the entity's Authorized Representative, as assigned in the JustGrants system or another individual with signing authority, sign the certification.

# Overcertifications and Undercertifications

The certification form data provided are used by OVC to calculate allocations for VOCA-eligible crime victim compensation programs.

In the event of an overcertification, the necessary steps will be taken to recover funds that were awarded in error. OVC does not have the authority to permit states to keep amounts obtained through overcertification that they were not entitled to receive.

In the event of an undercertification of amounts paid to crime victims, no supplemental payments to the state will be issued to correct the state's error.

# Certification

I certify to the Department of Justice, Office for Victims of Crime (OVC), under penalty of perjury, on behalf of myself and the state or territory listed, that I have the authority to make this certification (which OVC will rely on as a material representation), that I have reviewed the VOCA Victim Compensation Certification Form, and that, to the best of my knowledge and belief, the data reported in this form, including the amount reported on line F, is complete and accurate.

I understand that in the event of an overcertification, the OVC will take the necessary steps to recover funds that were awarded in error; and that in the event of an undercertification, no supplemental payments to the state or territory will be issued to correct the error.

# Certification

Type Name and Title of Authorized Representative

Electronic Signature of Authorized Representative

  

**Note:** The signing authorized official must be the entity's Authorized Representative as assigned in the JustGrants system, or other designated individual with signing authority.

# Best Practices to Track Expenses

1

Retain documentation to support all decisions made.

- Could an outside auditor/reviewer come in and understand how you came to your conclusions?

2

Document eligibility and ineligibility.

- Show how the individual claims and expenses track to your program's statutes/rules.

3

Have detailed policies.

- Clear program policies and procedures on how to calculate awards lead to consistent decision making.
- Out-of-date policies can negatively affect the completion of your form.
