NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
There were 3,382 applications filed in this federal fiscal year and 3,471 filed in the last fiscal year. Accordingly, while there is a decrease in applications, it is not a statistically significant change in the number of applications received.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 110

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. The Illinois Crime Victims Compensation Act (CVCA) statute, 740 ILCS 45/1 et.seq., requires the Illinois Attorney General's Office to investigate claims and the Illinois Court of Claims to approve or deny CVCA claims and conduct hearings on appeals. The Court of Claims administers the fiscal aspects of the CVCA program. Applications are received in the Illinois Attorney General's Office then filed with the Clerk of the Court of Claims. The Illinois Attorney General's Office then sends the claim to its "eligibility" claims analyst to review whether it meets all statutory requirements. If the requirements are met, the claim then goes to a "processing" claims analyst to substantiate expenses related to the victimization. The Illinois Attorney General's Office then submits an Investigatory Report to the Illinois Court of Claims in a "closing" which occurs two times per month. Approximately once per month the Court of Claims Judges meet and enter Orders which determine whether a claim is awarded, denied, or an award no pay. An "award no pay" means a claimant is eligible but collateral sources have already paid the expenses of the victimization. Claimants can submit unlimited supplemental claims if they incur additional expenses related to the victimization. Claimants have 30 days after entry of the Court's Order to appeal. If a Claimant appeals a Court Order, the case is set for hearing before a Court of Claims Commissioner who then submits a recommendation to the Judge assigned to the case. The assigned Judge reviews court transcripts, caselaw, statutory provisions, and the Commissioner's recommendation prior to entering a final Order.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
None.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
Federal crime victims are served the same as all other Illinois violent crime victims with timeliness, accuracy, consistency, and service with the professional cooperation and assistance of our local FBI Victim Assistance Coordinator.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
None.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
VOCA administrative funds assist vital staff to attend national training conferences so the program can stay current on the national trends in providing services to victims of violent crimes. The funds also provide for the salary of a Commissioner in Chicago who is solely dedicated to holding prompt hearings for the victims of violent crimes.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
Public Act 100-0690 was enacted and goes into effect on January 1, 2019. In brief, this Act adds the following as a violent crime: (i) posting identifying or graphic information on a pornographic Internet site or possessing graphic information with pornographic material; and (ii) non-consensual dissemination of private sexual images. Also the Crime Victim Compensation Act was amended to add 740- ILCS 45/4.2 which requires law enforcement to provide the Illinois Attorney General's Office with police reports within 15 days of a written request.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
The Illinois Attorney General's Office has a crime victim assistance hotline and agency website that assists victims of violent crimes by directing them to the appropriate victim services and answering any questions they may have concerning applying for financial assistance through the crime victims compensation program.
10. **Please explain any public outreach efforts to improve awareness of your program.**

Pursuant to 725 ILCS 1420/4, all law enforcement in the State of Illinois are required to give each victim of a violent crime a written statement and explanation of rights form which was prepared by the Illinois Attorney General's Office and includes information on how to apply for financial assistance under the Crime Victims Compensation Act. Pursuant to 740 ILCS 45/5.1, every hospital in the State of Illinois must prominently display in their emergency room posters giving notification of the existence and general provisions of the Crime Victims Compensation Act. In addition, State of Illinois agency websites provide the general public with information on the Crime Victims Compensation Act.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

None

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

None.
