

## **CONSULTATION FRAMING PAPER ON THE DISPOSITION OF THE FY 2021 TRIBAL SET-ASIDE FORMULA FUNDS UNCLAIMED BY PARTICIPATING TRIBES**

**Thursday, July 29, 2021, 3:00 – 5:00 p.m. eastern time, via WebEx**

**Written testimony concerning the Consultation questions listed below is welcomed. Please send written testimony via email to [OVCTribalSetAside@ojp.usdoj.gov](mailto:OVCTribalSetAside@ojp.usdoj.gov) by 8/5/2021.**

**The deadline for submission of applications under the FY 2021 Tribal Victim Services Set-Aside Program (“TVSSA program”) was extended until July 14, 2021, in order to accommodate as many Tribes as possible which wished to participate in the program. This Consultation is being held because it is apparent that Tribes will not claim all the formula funds allocated to them, and thus OVC seeks input about how to use the remaining funds. By statute, OVC must obligate the remaining funds by September 30, 2021, or the funds will be automatically returned to the Crime Victims Fund.**

**Background:** In the fiscal year (FY) 2018 budget, for the first time Congress created a Tribal victim services set-aside from the Crime Victims Fund (CVF), “available to the Office for Victims of Crime for grants, consistent with the requirements of the Victims of Crime Act, to Indian Tribes to improve services for victims of crime.” These funds could be used for a wide-range of programs, activities, and tangible items that are allowed under VOCA to develop, enhance, sustain or procure victim assistance and services. In the FY 2021 budget for the U.S. Department of Justice (DOJ), Congress authorized a Tribal set-aside of \$100.75 million for the same purposes.

After consultation with Tribes in November 2020, OVC administered the FY 2021 TVSSA program in accordance with feedback from participating Tribes using the following framework: a noncompetitive distribution of set-aside funds based on population; a two-phase application process that allows OVC to calculate grant awards based on the number of Tribes that complete phase one of the application process; allowing Tribes to choose their own project period of 12-60 months; and permitting Tribes to self-certify on the size of the population they intend to serve under the set-aside grant program. All federally recognized Tribes were eligible to apply for FY 2021 set-aside formula funding regardless of when they last received set-aside awards, and regardless of the project periods or unobligated balances of their existing set-aside awards.

The deadline for submission of applications under the Office for Victims of Crime (OVC) Fiscal Year (FY) 2021 Tribal Victim Services Set-Aside Program (“TVSSA program”) was postponed until July 14, 2021, in order to accommodate as many Tribes as possible who wished to participate in the program.

### **OVC’s Administration of the FY 2021 TVSSA Program:**

On February 5, 2021, OVC invited all Federally-recognized Tribes to submit a population certificate as part of phase one of the FY 2021 TVSSA Program application process. OVC established a deadline of March 5, 2021, for Tribes who were interested in applying for the program to submit a population certificate. During that 30 days, OVC held three webinars to provide interested applicants with information about the TVSSA Program and technical assistance on how to complete the population certificate. OVC also enlisted the assistance of

DOJ's Office of Tribal Justice, the Office on Violence Against Women, and its Tribal training and technical assistance providers to help promote the FY 2021 TVSSA Program Triband encourage eligible applicants to apply for the funding.

OVC received population certificates from 173 federally-recognized Tribes. OVC applied the same previously established population-based formula to this year's set-aside using data from the certificates submitted by the 173 eligible applicants to this year's program. OVC generated a list of allocations for each of the eligible applicants (See attached list) and emailed the list along with a letter to each applicant inviting them to submit additional documentation as part of phase 2 of the application process. Based on feedback OVC received during the November 2020 consultation, OVC offered applicants two new alternatives to writing a traditional 20-page program narrative. Applicants could elect to either complete a checklist, or schedule an interview with OVC staff and have an OVC grant manager complete the checklist for them.

OVC established a June 14, 2021, deadline for applicants to submit the required documentation for phase 2 of the application process, and conducted three additional webinars to provide guidance and technical assistance to applicants on how to: submit and prepare the required documentation; schedule an interview with OVC staff in lieu of writing a program narrative; prepare a budget; and submit their phase 2 application materials online in USDOJ's grants management system, JustGrants. Prior to the June 14, 2021, deadline, some applicants notified OVC of their desire to withdraw their application for funding. Only 76 of the remaining eligible applicants met the June 14, 2021, deadline. OVC extended the application deadline to July 14, 2021, to accommodate Tribes who indicated they wished to participate in the program, despite missing the application deadline.

OVC staff, as well as staff members from OVC's Tribal training and technical assistance providers conducted outreach to the remaining applicants to identify and resolve barriers to submitting their applications. As a result of their efforts, additional applicants submitted their applications in JustGrants. Additionally, some of the applicants notified OVC of their desire to withdraw their applications. Unfortunately, OVC did not receive any response from a number of the applicants, despite repeated attempts to reach them by both phone and email.

OVC must make a recommendation to the Assistant Attorney General for the Office of Justice Programs about how to spend the remaining balance of funds by no later than August 5, 2021, in order to meet the September 30, 2021, deadline to obligate the funds in FY 2021. If the funds remain unobligated as of that date, they must be returned to the Crime Victims Fund.

### **Consultation Questions:**

It appears there may be as much as \$15M unclaimed by Tribes who were included in the formula for FY 2021. OVC will use some of the funds to ensure assistance is available for Tribes which need help preparing and submitting applications for the program (in future years) and to support victim services in Indian Country. We seek your input on how OVC might return the balance of the TVSSA funds to Tribes in FY 2021:

1. How should OVC distribute the remaining FY 2021 TVSSA formula funds? For example:

OVC could increase the formula amount awarded to all Tribes which submitted an application before July 14 (estimated to be between 125–140 Tribes). (E.g., divide remaining formula funds by the number of Tribes with applications in the system and award each Tribe the same amount in addition to their previous formula allocation.)

OVC could calculate a population-based supplement for all participating Tribes (estimated to be between 125–140 Tribes). (E.g., each Tribe with an application in JustGrants would receive an additional amount proportional to the population on the Tribe's population certification.)

OVC could fund applications from Tribes that come in under other OVC programs: e.g. Human Trafficking, Elder Abuse, etc. These programs are competitive programs, but OVC could make funds available to Tribes which submitted applications for these programs which received acceptable peer review scores so that Tribes are not competing with non-Tribal entities under these programs.

2. Should OVC handle left over TVSSA Set-Aside funds the same way every year?
