NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
We experienced a significant increase in applications due to the Route 91 Harvest Festival Shooting.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 60

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Once the application and police report are received, the application is considered complete and ready for a decision. Both documents are reviewed, any follow up with the victim or applicant is done as necessary, and a decision is rendered as soon as possible.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
The Route 91 Harvest Festival shooting had a major impact on the programs ability to meet the needs of all victims. Bill and application processing times have been delayed as we have a large backlog of documents and not enough staff or time in the day to keep up.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
We have not had any applications for victims of federal crime.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
Due to the Route 91 Harvest Festival Shooting, program staff has been more involved in the community and community response than ever. Being involved in various events, meeting with victims and forming relationships with local advocates all strengthen the ability of the program to provide the best service to victims.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
VOCA Administrative funds are used to supplement staff payroll, which allows us to use the funds that would've been spent on payroll to instead apply that to victim payments.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
N/A
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
As stated above, getting more involved in the community and national response to the Route 91 Harvest Festival shooting has allowed the program to foster new connections and strengthen existing ones. When that happens, the program has more resources to assist victims.
10. **Please explain any public outreach efforts to improve awareness of your program.**
The program has never participated in as many public outreach efforts as we have this year. We've made videos, social media posts, news articles and recordings, and participated in community fairs and events.
11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**
