NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
The number of applications received during the past fiscal year has dropped again slightly from last year. OVS attributes the continuing decrease in number of applications received to the Affordable Care Act as more NYS citizens are covered under these policies. Interestingly, the number of Death and Essential Personal Property claims received has remained constant.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 99

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Upon receipt of a claim application, either electronically through the Victim Service Portal or paper, the claim is assigned to a Crime Victim Specialist when we have the appropriate signature form from the claimant. The Specialist will request documentation to establish eligibility and render a decision. Some expenses could be paid in the original decision. If additional documentation is needed for medical expenses, the claim will be referred to the Additional Medical Unit where staff will then reach out for additional information and process any further medical expenses that arrive in the future.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
We know that Victim Assistance Programs are seeing human trafficking victims, but we are not receiving a commensurate number of claims for compensation. The same issue is true of sexual assault victims. Finally, we are concerned that undocumented immigrants are no longer reporting crimes to the police or filing claims with OVS.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
OVS continues to work with the FBI and neighboring states to prepare for mass casualty events.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
OVS Compensation staff has begun traveling to our Victim Assistance Programs to do onsite trainings with the Advocates. We understand there is considerable turnover in Advocate staffing at our programs. Making sure that Advocates have current information about OVS services and a good understanding of what we can provide makes for a better experience for the victim. We are also providing regional trainings for Advocates as requested
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
The VOCA administrative funds support a number of OVS staff dedicated to the processing of claims. In the absence of these funds, there would be insufficient staff to process claims in a timely manner or provide quality services to crime victims and their families
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
No.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
As noted in question 6, OVS is improving it's outreach to Victim Assistance Programs to increase Advocate's understanding of how OVS operates and what assistance we can offer victims. Historically, since there is a large turnover in Advocate staff, there is a lot of confusion as to what documentation OVS requires in order to reimburse the different kinds of expenses. Offering additional training sessions to Advocates will assist the them in providing better service to victims.
10. **Please explain any public outreach efforts to improve awareness of your program.**
OVS staff manned a booth at the NYS Fair for the second summer in a row. Approximately 1.2 million people attend the Fair this year. This is a great opportunity for OVS to get the word out to the public about our services. Victim Compensation Formula Grant Program - October 01, 2016 - September 30, 2017 Page 8 of 9 Date certified: November 14, 2017 Five, 30-second public service announcements about the NYS Office of Victim Services aired in 10 broadcast television markets around the state for five weeks beginning in October of 2016. This campaign was intended to increase public awareness of OVS. Also in April, OVS observed National Crime Victims' Rights Week. This year's theme was "Serving Victims. Building Trust. Restoring Hope." - underscoring the importance of early intervention and victim services in establishing trust with victims, which in turn begins to restore their hope for healing and recovery. OVS partnered with the state Office for the Aging to raise

awareness.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

OVS reports to the NYS Governor's Office on how it is meeting the requirements for the State's mandated Language Access Program. OVS staff contacts with LEP individuals and spending for translation and interpretation services are reported annually.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

OVS would support an increase in the VOCA compensation award perhaps by increasing the percentage of reimbursement of state payouts to 75% from 60% or to reimburse for all payouts to crime victims regardless of funding source.
