⚠ SAM.gov Entity Validation Update

GSA implemented a new process to validate an entity's legal business name and physical address when requesting a Unique Entity Identifier (UEI) and for completing a SAM.gov entity registration. Due to a high volume of requests, entity validations are taking longer than expected to process. This validation process is now taking 7-10 business days, and in some cases longer.

OJP strongly recommends **starting your SAM.gov registration process as soon as possible** to allow the time necessary to process entity validations well in advance of the Grants.gov due date posted in the solicitation. Read [this FAQ](#) for more information.
