

# We see you.

---

Healing is a journey beginning with your story.

Human trafficking erodes personal dignity and distorts relationships.

It is about exploitation, control, and power often by someone you know.

There may be false promises and threats forcing you to do things you do not want to do.

You may experience physical and sexual violence, abuse, and isolation.

Human trafficking is a crime and goes against our values.

We will walk alongside you.

There is a healing power in community.

# Your story matters.
