2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 19

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. A paper application is received by this Agency and entered into our electronic case management system by an Administrative Assistant. The file is then passed on to the Executive Director for initial review and assignment. Once the claim is assigned to an Investigator, the Investigator reviews the available crime report for eligibility requirements and is responsible for obtaining any other information required to make said determination. The Executive Director and Investigators meet on a weekly basis for a Decision Meeting. At the Decision Meeting, the Investigators present all of their cases and present the proposed decision letter to the Executive Director for signature.

6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
In an attempt to reach more victims of crime, this Program has increased its outreach and training efforts. Most notably, this Program is housed in the Delaware Department of Justice. During the reporting period, efforts have been made to internally train both Prosecutors and Victim Advocates to ensure that appropriate referrals are being made to the Program.

VOCA Administrative Funds were used to send employees to the National Association of VOCA Assistance Administrators National Training Conference as well as for other training opportunities. Over half of our staff has 2 years of experience or less, so training opportunities are vital in improving victim compensation services.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
This Program's focus during the reporting period has been establishing internal policies and procedures surrounding the payment of claims. These internal changes have allowed for a more streamlined and efficient process.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
Delaware is small in size and has a very tightknit victim services committee. Members of the Victims' Compensation Assistance Program work closely with all of the individuals listed above. Not only are we housed within the Delaware Department of Justice, but members of the program also serve on multiple committees, task forces, etc. which makes coordinating efforts much easier. Further, during the reporting period, efforts were made to internally train both Prosecutors and Victim Advocates to ensure that appropriate referrals are being made to the Program.
10. **Please explain any public outreach efforts to improve awareness of your program.**
