NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
There has not been a significant change in the number of applications.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 36

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. When an application packet comes in, the intake specialist assigns an initial claim status. If the application and police/incident report is complete, the claim moves to the eligibility determination process. If the packet includes an itemized bill, the verification specialist will verify them at the same time as the claims investigator determines claim eligibility to ensure a timely decision. Staff is available to assist the victim/claimant in obtaining the needed documentation and answering any questions/concerns they may have throughout this process.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
None at this time.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
When we have a Federal case, we work directly with the FBI advocate/liaison to get the information needed in a letter format which answers the critical questions needed for us to move forward with processing the claim.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
We added an additional Claims Investigator to increase capacity and efficiency. No other notable activities occurred.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
VOCA funds continue to assist the State of Georgia in providing direct benefits to victims and witnesses of violent crimes, as well as their families. In addition to benefits, our VOCA funds help us to sustain our two current Customer Service Representatives (CSRs) and hire a third CSR, the Victim Services Coordinator (VSC), Training and Outreach Coordinator (TOC), as well as our database administrator, which are all critical to the work we do to ensure we give the best service to crimes victims. Our Customer Service staff continue to ensure that claim statuses, information needed to process claims and payment information can be readily provided without victims having to be transferred to another staff person. The Training and Outreach Coordinator continues to provide much needed training to those who directly serve victims (i.e., advocates, medical providers, etc.) by increasing their knowledge of the Program, as well as, training on the new Portal.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
None at this time
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
Our VOCA Assistance administrator, which is housed at CJCC, continues to partner with our State Prosecuting Attorneys office to fund advocates serving as a direct liaison for the Victim Compensation program. This joint effort has helped to alleviate some of the barriers victims are faced with.
10. **Please explain any public outreach efforts to improve awareness of your program.**
The GA program continues to make concerted efforts towards participating in community events to include, candlelight vigils and community outreach events sponsored by faith-based communities.
11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**
None at this time.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

It would be very beneficial to the program if victims compensation received a greater portion of VOCA funding and if the program was not penalized for restitution recovered. Both of these issues remain on the priority list for programs nationwide as we continuously serve a proportionately greater number of victims each year.
