## NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**  
Guam saw a slight increase this year in victim compensation applications received as compared to the previous year. No other significant changes occurred during this period.
2. **The average length of time to process an application for claim eligibility for compensation**  
Count days from time of receipt of application to decision. 120  
  
Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Explain the responsibilities of your office in processing a claim: Guam has a centralized system, within the Office of Attorney General of Guam (OAG), administering the Criminal Compensation Program (CICP) and assisting the Criminal Injuries Compensation Commission (CICC). The CICP engages in the following activities: processing applications, providing legal review to the CICC, disbursing funds, providing on-going technical assistance, and routinely monitoring state standards relative to baseline claim processing requirements for local crime victim compensation programs. How long does it take to process a VOCA claim? Pursuant to Guam law, an applicant shall be notified within twenty (20) business days from the date their application is submitted as to whether applicant meets all statutorily eligibility requirements and whether application is complete. Applicant is then informed as to the date and time in which the CICP will hear the case. How long does it take to cut a check for a VOCA claim? The CICP generally disburses compensation funds on a quarterly basis upon order of the CICC. The Guam Department of Administration, a centralized accounting department for the government, issues check payments out of the Criminal Injuries Compensation Fund on victim compensation claims upon receipt of the signed payment authorizations submitted by the agency's authorized signing official. The average wait time to process claims may vary and is subject to the availability of funds.
3. **Does your state have a victim satisfaction survey?**  
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**  
During this reporting period, there were no emerging/major issues or notable trends encountered that would impact OAG's ability to meet the needs of crime victims.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**  
The CICP has not served any victims of a Federal Crime to date, but continues to stand ready to assist in the same manner as it does for all victims of crime.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**  
The CICP administrative staff created a centralized database to manage, maintain and organize data collected upon receipt of CICP applications. Additionally, we continue to train VOCA subrecipients and allied professionals relative to the CICP.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**  
VOCA compensation funds were/are used strictly for claim payments. Furthermore, VOCA administrative funds received were/are used to fund a statistician position, cover administrative and training costs.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**  
The Compensation for Damages from Criminal Activities statute was amended to expand those crimes that qualify for compensation.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**  
The CICP currently receives referrals from non-profit organizations. The CICP also continues to work with prosecutors, law enforcement, courts, victim advocates and other programs/agencies that work with victims and their families to provide information and resource materials relative to victim compensation.
10. **Please explain any public outreach efforts to improve awareness of your program.**  
Public Outreach – just this year, the OAG, Victim Service Center, participated on behalf of the CICP in public outreach events such as Kick-Off for National Crime Victims Rights Week, Sexual Assault Awareness, Law Week Fair, Silent Witness Community Outreach, and Say Boo to Drugs.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

A semi-annual report was submitted to the Governor's Office and Legislative Office. The report included the following statistical data: compensation awarded, compensation denied, applicants found ineligible, pending applications, and a tabulation of the total amount of compensation awarded. Other than the general statistics captured in this report, the CICIP reported compensation/awards that resulted in direct payments to Government of Guam vendors/agencies that were owed by victims of crime.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

There are no additional comments at this time; however, the CICIP and CICC are constantly reassessing.
