NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
No significant changes.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 194

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Application is proofed upon receipt to make sure it is complete; the information from the application is then entered into our data base; a letter is sent to the claimant advising what information is still needed from them and what information we have requested on their behalf; letters are generated and mailed out with authorization of release attached; the claim is reviewed each time new mail is received on the claim; claim notes are updated and additional request may be generated; if enough information has not been received at the 45 day call-up to make a decision then a second request letter is sent to the claimant advising what information is still needed to process their claim and second request letters are sent out to those that still have not responded to our request; mail is still reviewed as received; at 150 days the claim is reviewed by the Ombudsman and they may send out additional request at that time; by Code, the claimant has 180 days from the date of creation to finalize the information on their claim; court case information is gathered and updated in the claim and the decision is made; if the claimant disagrees with the decision on the claim they then have 45 days to request a reconsideration or file an appeal.
