DOJ Grants Program Plan

DEPARTMENT OF JUSTICE GRANTS PROGRAM PLAN

Fiscal Year 2022 DOJ Program Plan

The Department of Justice offers funding opportunities to support law enforcement and public safety activities in state, local, and tribal jurisdictions; to assist victims of crime; to provide training and technical assistance; to conduct research and collect national statistics; and to implement programs that improve the criminal, civil, and juvenile justice systems.

The DOJ Program Plan is a tool to help find potential funding opportunities (solicitations) from DOJ's grant-making Components, the Office of Community Oriented Policing Services (COPS), Office of Justice Programs (OJP), and Office on Violence Against Women (OVW). The Program Plan provides summary details of the funding opportunities each DOJ grant-making Component is expecting to release or has released in a particular fiscal year.

To Search, click Use Search Filters, enter the search criteria and then click Show. Click on any solicitation title for more information. From there click Results to return to your Search results or click Use Search Filters to enter new or refined search criteria. You can filter by the grant-making component or office (i.e., COPS, OJP program offices, and OVW), keywords, eligible applicant categories, and expected release date.

On the solicitation details page, the Opportunity ID will say "TBD" for any program that has not yet been published. For those that have been published, if you are interested in applying for funding, you can copy the Opportunity ID into the Search box on <https://www.grants.gov/>.

You can also find more details on open opportunities as they become available on these pages:

SAM.gov Entity Validation Update

GSA implemented a new process to validate an entity's legal business name and physical address when requesting a Unique Entity Identifier (UEI) and for completing a SAM.gov entity registration. Due to a high volume of requests, entity validations are taking longer than expected to process. This validation process is now taking 7-10 business days, and in some cases longer.

OJP strongly recommends **starting your SAM.gov registration process as soon as possible** to allow the time necessary to process entity validations well in advance of the Grants.gov due date posted in the solicitation. Read [this FAQ](#) for more information.
