NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
There was an increase in the number of applications received since the April 1, 2020 – June 30, 2020 PMT that reflected a lower trend of applications received due to the COVID-19 pandemic. However, the increase during this reporting period was not substantial.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 60

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Claim processing time is calculated through automated means. A claim falls into the length of time for processing based on a claim's decision date. Processing time is based on a median of claims using the following: 1) For claims that are awarded or reduced, the length of time to process is based on paid date (first check issued) minus the date the claim (application) was received, and 2) For claims that are denied or approved with no award, the length of time to process is based on a claim's decision date minus the date the claim (application) was received.
3. **Does your state have a victim satisfaction survey?**
Yes

A. Number of victim satisfaction surveys distributed during the reporting period. 144

B. Number of victim satisfaction surveys completed during the reporting period. 2

C. Number of surveys that indicated satisfaction with the victim compensation program during the reporting period. 2
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
None.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
The Attorney General's Office (AGO) Victim Compensation Director and AGO victim advocates met with Victim Specialists from the Memphis and New Orleans Division of the Federal Bureau of Investigation to ensure eligible victims are afforded the opportunity to apply for compensation benefits in Mississippi. Victim compensation claim reviewers routinely coordinate with law enforcement victim assistance coordinators to collect required law enforcement records needed for purpose of establishing program eligibility. The AGO victim advocates are assigned to geographic regions of the state and are developing relationships with law enforcement throughout the state. The victim compensation staff is knowledgeable and proficient in assisting crime victims for both state and federal crimes and provides trainings on the crime victim compensation fund to victim service providers, law enforcement and advocates.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
We have maximized the use of staff by allowing them to telework during the peak of the COVID-19 pandemic to ensure uninterrupted services to victims of violent crimes. Victims/claimants continued to have direct contact with compensation staff and awards continued to be paid on eligible claims. During the past reporting period we have worked to improve efficiency in processing claims by eliminating redundant tasks, implementing a shared electronic mailbox for incoming faxes and mail, and cross training employees. On several occasions during this reporting period, compensation staff has met with the AGO IT Department and our current database developer to discuss improving efficiency and streamlining the victim compensation application process with our current data base system. We have also discussed the possibility of migrating claims into a different database system to improve automation.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
VOCA funds were used exclusively for reimbursement to victims and/or claimants or to pay directly to providers on behalf of victims and/or claimants.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
No.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**

Victim compensation staff and AGO advocates work with state, federal and tribal officials to obtain information needed for eligibility purposes and to improve coordinated efforts to ensure eligible victims are afforded an opportunity to apply for compensation. Staff routinely provides technical assistance to law enforcement personnel, prosecutors, criminal justice officials, employers, service providers, victim assistance coordinators, and child advocates in order to process claims.

10. **Please explain any public outreach efforts to improve awareness of your program.**

Because of the COVID-19 pandemic, the staff's in-person training efforts for this quarter were limited. However, training and participation in outreach efforts to improve program awareness continued to be an integral component of the Division. The staff conducted a virtual training for Child Advocacy Centers of Mississippi, participated in virtual trainings with the Center for Victim Research: Mass Violence and Terrorism Victimization and the 2020 VOCA National Training Conference, and presented virtual trainings with two (2) domestic violence shelters. Staff assembled information and FAQ's on Crime Victim Compensation that is readily available to the public on the Mississippi Attorney General's website, AttorneyGeneralLynnFitch.com. In addition, the Bureau of Victim Assistance advocates continually distribute informational brochures, applications, and other printed material to bring awareness of the compensation program and Victim Bill of Rights to law enforcement agencies, victim assistance coordinators and other victim service providers.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

None.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

No additional comments.
