NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
New marketing campaign to increase awareness of our program.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 90

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Once we receive an application two letters are mailed out. The first is mailed to the victim/claimant asking them to specify which benefits they are asking for. Letter gives them 30 days to respond. The second letter is mailed to the law enforcement agency requesting information and copy of the police report. When we receive the police information a determination is made on the claim, or if more information is needed a request is sent to the prosecutor's office. Once information has been received, a determination is made. If we decide to deny, a letter is mailed to the victim/claimant giving them 30 days to appeal our decision. If we approve the claim the providers will be contacted in order to determine how much is still owed the provider and if any payments were received from the victim/claimant. Once all bills are verified the claim is officially approved and the bills are forwarded to the accounting department for payment by a separate agency. If an appeal is received from a denied claim, the appeal is forwarded to our legal department for review. If need be, a hearing will be scheduled with an administrative law judge we abide by their decision.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
No emerging issues.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
We have no federal crime victims reported. However, information was included with our market campaign to increase awareness.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
Ongoing meetings with our software provider to improve the speed and accuracy of our victim compensation claims system.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
We paid medical bills as well as dental and counseling bills. We've paid towards funeral costs and lost wages due to being a victim of a violent crime.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
No changes.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
