NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
There has not been a significant change.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 31

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Once an application is received it is entered into UOVC's data base and is assigned to the next Reparations Officer next in line. Letters are automatic generated, one to the victim acknowledging the receipt of the application and second letter to Law Enforcement requesting a copy of the police report. Once the police report is obtained and other information if needed, the Reparations Officer rendered a decision. Once a decision is rendered a letter either an approval or denial goes out to the victim. If it is a denial letter it will state the reason for the denial. If it is an approval, it will contain the services approved, therapy, medical etc. Also the approval letter will have attached all other necessary forms needed for services, treatment plan, mileage or travel forms etc.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
None
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
UOVC continues to make strong alliance and collaborative relationship with the State's Tribal and Federal entities.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
UOVC continues to apply Success processes which has continually increased process speeds while at the same time increases the levels of customer services to victims.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
The VOCA Administrative funds continue to be a valuable resource to the State of Utah in helping to meet the needs of victims of violent crime statewide. Administrative funds are used to hire addition temporary staff to help with workloads to assist victims in a timely matter. Because of these funds we are able to keep the additional rental space for our training resource center. Continue to update our technology to be able to hold trainings statewide for all the different agencies who asset victims statewide.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
