## NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**  
There were no significant changes in the number of applications received during the reporting period.
2. **The average length of time to process an application for claim eligibility for compensation**  
Count days from time of receipt of application to decision. 112  
  
Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Application is proofed upon receipt to make sure it is complete; the information from the application is then entered into our data base; a letter is sent to the claimant advising what information is still needed from them and what information we have requested on their behalf; letters are generated and mailed out with authorization of release attached; the claim is reviewed each time new mail is received on the claim; claim notes are updated and additional request may be generated; claim is reviewed at each 30 day call-up; if enough information has not been received at the 45 day call-up to make a decision then a second request letter is sent to the claimant advising what information is still needed to process their claim and second request letters are sent out to those that still have not responded to our request; mail is still reviewed as received; at 150 days the claim is reviewed by the Ombudsman and they may send out additional request at that time; by Code, the claimant has 180 days from the date of creation to finalize the information on their claim; court case information is gathered and updated in the claim and the decision is made; if the claimant disagrees with the decision on the claim they then have 45 days to request a reconsideration or file an appeal. The claim is reviewed any time additional information is received and additional follow-up or awards are processed accordingly.

8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**  
Effective July 1, 2021 19.2-368.10. When awards to be made; reporting crime and cooperation with law enforcement. No award shall be made unless the Commission finds that: 1. A crime was committed; 2. Such crime directly resulted in an individual becoming a victim as defined in 19.2-368.2, on whose behalf a claim is filed; and 3. Police records show that such crime was promptly reported to the proper authorities. In no case may an award be made where the police records show that such report was made more than 120 hours after the occurrence of such crime, unless the Commission, for good cause shown, finds the delay to have been justified. The provisions of this subdivision shall not apply to claims of sexual abuse. The Commission, upon finding that any claimant or award recipient has not fully cooperated with all law-enforcement agencies, may deny, reduce or withdraw any award, as the case may be. 1976, c. 605; 1977, c. 215; 1985, c. 446; 2001, c. 855; 2005, c. 683; 2021, Sp. Sess. I, c. 178. Previously, it read The provisions of this subdivision shall not apply to claims of sexual abuse that occurred while the victim was a minor.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**  
We continue to work with all stakeholders that work with victims and their families to educate them on the Fund and other resources available to them. We struggled implementing our Law Enforcement Liaison due to COVID the first part of the year; however, due to some inhouse changes, this process has really taken off over the last several months and opened up communication with law enforcement. We still continue to work closely with all stakeholders to educate and build working relationships.
10. **Please explain any public outreach efforts to improve awareness of your program.**

We have a full-time Training and Outreach Coordinator that travels the State of Virginia educating victims and those that work with victims on the Fund. We have a web based program for providers wherein they can access basic/limited claim status but are required to complete a training overview of the Fund and its purpose prior to access of the program. We use brochures; "tear-off" sheets for police officers; promotional items and table at victim related events.

Virginia is required to submit an Annual Report to the Governor's office each year.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**
