NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
 Pennsylvania experienced an 8% increase in the number of claims during this reporting period. For Federal Fiscal year 2020-2021, Pennsylvania received 5,781 applications and for Federal Fiscal year 2021-2022, a total of 6,238 applications were received. For the past few years, Pennsylvania has seen a gradual increase in claims as the courts and victim witness programs re-opened from initially being closed as a result of COVID 19.
2. **The average length of time to process an application for claim eligibility for compensation**
 Count days from time of receipt of application to decision. 84

 Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Pennsylvania counts average processing time from the date the application is received until a first-time decision is made to either pay or deny. If after 60 days, the claimant has failed to submit proper documentation, the claim can be placed into an inactive status, which does stop the counting for average processing time.
3. **Does your state have a victim satisfaction survey?**
 No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
 Pennsylvania continues to strengthen our outreach to legislators and citizens to better educate them on compensation and help them understand that no state tax dollars are used to fund the program. We continue to try and find new ways to conduct this outreach.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
 Pennsylvania continues to work with federal partners to ensure crime victim needs are met. Cross border issues continue to be a discussion topic when the crime occurs in two (2) or more states.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
 During this reporting period, Pennsylvania translated the claim form, informational brochures and some outgoing correspondence to victims in various languages. The languages include Spanish, Chinese, German, Korean, Russian, Vietnamese, Portuguese, Turkish, and Ukrainian. The claim form is also available in Braille. Also, during the reporting period, the Program revised a satisfaction survey that is now online for claimants to complete. Also, during this rating period, in an attempt to make it easier for law enforcement, the Law Enforcement Victims Rights Information, was added to the agency website with county specific information. Per statute, the law enforcement agency responding to or investigating an incident shall provide basic information on the rights and services available for crime victims and the availability of crime victims compensation to the direct victim, or if appropriate, a member of the direct victim s family. During this reporting period, the Program has been moving towards going paperless internally. Faxes that are received by the Program are uploaded and attached to the claim directly into the case management system. Emails that are received are also uploaded and attached to the claim in the case management system. A process for scanning and uploading postal mail is being worked on as well as a known party attachment portal for claimants, victim advocates, and providers.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
 The administrative funds are used to partially support the salary and benefits of two staff persons. One of these individuals, a claim specialist, works directly with the Victims Compensation Assistance Program claim process. This process includes determination of eligibility, the verification process, making decisions and the preparation of recommendations. This staff member works directly with victim service groups, service care providers, law enforcement agencies, Clerk of Courts, District Attorney Offices, and victim/claimant compensation claims received daily. The second position provides clerical support for the VCAP. This position assures that all data and bills for incoming claim forms are entered daily into the claim processing system and designates Emergency Awards as a priority status. This position also assures that all incoming mail is opened and logged, mails acknowledgement letters to victims and claimants, sends notices of decision to victims, claimants and the victim service agencies, and provides assistance to other staff with administrative responsibilities such as filing and copying.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**

During this reporting period, Act 77 of 2022 was signed into law. There are a number of changes to the program that went into effect for crimes occurring on or after 9/8/2022. 1. Adds the following eligible charges: 75 Pa.C.S. 3732.1 (Relating To Aggravated Assault By Vehicle) 75 Pa.C.S. 3733 (Relating To Fleeing Or Attempting To Elude Police Officer) 75 Pa.C.S. 3734 (Relating To Driving Without Lights To Avoid Identification Or Arrest) 75 Pa.C.S. 3742.1 (Relating To Accidents Involving Death Or Personal Injury While Not Properly Licensed) If The Nature And Circumstance Of The Offense Committed Are Substantially Similar To An Offense Under 75 Pa.C.S. 3742 2. Adds privately owned vehicles to crime scene clean up. 3. Changes filing requirement to 5 years with good cause exceptions for filing past 5 years. 4. Changes minimum loss requirement to \$50.00. 5. Adds no minimum loss requirement for claimants over the age of 60. 6. Mileage for counseling services can be paid to: a. Direct victim. b. Individual responsible for direct victim s welfare. c. Intervenor or individual physically present at the crime scene and witness a violent crime. d. In case of homicide, an individual who discovers the body. e. Anyone related to the direct victim within the 2nd degree of consanguinity. f. Anyone maintaining a common law relationship with the direct victim. g. Anyone residing in the same household with the direct victim. h. Anyone engaged to be married to the direct victim. 7. If the crime involved is a homicide, the conduct of the direct victim shall not be considered for claims by eligible claimants for counseling and funeral expenses. 8. Allows sexual violence and intimidation orders as reporting to proper authorities. 9. Allows a minor who is a direct victim of a sexual offense to request that the minor s primary insurance carrier not be billed for counseling services if the policy is held or administered by either the alleged perpetrator of the crime or an individual responsible for the minor s welfare that is not supportive of counseling services. 10. In the 2019-2020 Regular Session, HB962 was signed into law which allowed Sexual Assault victims to file claims to VCAP for counseling without reporting to law enforcement. This wording has now been added to the CVA as Section 701.1.

9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**

The Victims Compensation Program Administrator and State VOCA Assistance Administrator are both within the same office in Pennsylvania. There is a very close working relationship. Since the Deputy Director oversees both areas, it provides a better source of communication among the programs. This is an ideal working situation which quickly addresses any barriers that may arise. Victims compensation also works closely with partners to ensure barriers are addressed immediately. Through committee structures at the Pennsylvania Commission on Crime and Delinquency, staff have access to Criminal Justice Advisory Boards which have the ability to coordinate with local law enforcement, courts, etc. The PCCD, Office of Victim Services also has a very good working relationship with the Pennsylvania District Attorneys Association to quickly address barriers that may arise with prosecutor offices.

10. **Please explain any public outreach efforts to improve awareness of your program.**

Pennsylvania continues to promote the victims compensation program using its own website, the app, newsletter articles, pamphlets, brochures (especially the law enforcement brochures that were developed for law enforcement to provide at the time of the crime) and various other outreach such as presentation and conference participation. Staff participated in legislative community events in which information related to Victims Compensation was shared. Quarterly meetings have been conducted with VCAP staff and the victim service providers.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

The Program submitted a State Performance Plan for Fiscal year 2021-2022. The following performance measures were reported: Total number of VCAP claims received annually (11,999); number of individuals receiving VCAP benefit in the year (8,333) Unique, non-FRE, claimants receiving VCAP funding (2,939); Average processing time for claims (12 weeks); total sexual assault counseling claims paid (184); total VCAP benefit paid (\$13,198,583); and total non-FRE VCAP benefit paid (\$8,677,620). In years past the Program has reported the percentage of satisfactory surveys received. However, we receive a low return rate of surveys (about 4% that we send are returned). The survey has been revamped and is now available online as of May 2022. As a result of this work and a low response rate for this reporting period, survey results are not available. The Program will be making efforts to market this new survey for completion over the next year.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

None at this time.
