NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
There has not been a significant change.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 42

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Once an application is received it is entered into UOVC's database and is assigned to the next Reparation Officer in line. Letters are automatically generated to the victim acknowledging the receipt of the application and to law enforcement requesting a report. Once a police report is received and other information if needed, the Reparation Officer will render a decision. Once a decision is rendered a letter will go to the victim informing them of the decision. If it is a denial it will state the reason for denial and let them know they may appeal the denial. If it is an approval, it will let them know what benefits they are approved for.
