NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
Our program statute was legislatively changed in 2022 and went into effect in August 2023. The changes included the addition of new program benefits, increased maximums, additional claimant types, and an overall program maximum increase.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 93

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. n is sent to the claimant. If this information is not received within 60 days, a follow up phone call is made to the claimant. If the claim is complete, a claim number is assigned and if additional information is required, a request for information is sent to the claimant and we also request a Law Enforcement Verification from the law enforcement department in the jurisdiction of the crime. Upon receipt of all documentation the claim is reviewed for eligibility or denial. If a claim is eligible, all bills are reviewed to ensure they are eligible for payment. An Award is entered into the claims management system and sent to the Manager for approval. The account tech then certifies the award in SIGMA (states payment system) and a disbursement of funds is processed to claimant or providers. Funds are dispersed weekly or bi-weekly depending on case load. If a claim is not eligible, a Denial is generated by the analyst and approved by the Manager and a formal Denial letter is generated by our staff and mailed to claimant.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
The expansion of the program statute has saw an increase in claimants, approvals, and awards. Claimants and victims have remarked how much more empowered and assisted they feel with the new statute.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
We have an ongoing working relationship with the Federal advocates and open communication with Federal crime victims. We continue to provide trainings as requested by agencies that provide direct assistances to Federal crime victims. We have continued to provide outreach to our state's Native American communities and advocacy programs to provide information and education regarding compensation benefits.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
All of our applications are now available on-line and we now provide an email address for easy submission of documents via electronic means. We have conducted statewide trainings on the new statute as well as rolled out a media campaign to try to reach as many citizens of the state as possible regarding the new guidelines for eligibility.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
VOCA funds have allowed our program to fully compensate victim benefits under the many expansions of coverage. Without these funds, we may not be able to provide full payment of out of pocket loss for our victims, up to our maximum.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
Yes. The new legislation has had a tremendous impact on our state as it opened the program to previously excluded claimants and provides for new benefits such as relocation, residential security, and bereavement leave. It also included an expansion in claimant types allowing for parents to claim on behalf of victimized children and other familial members to apply for assistance with burial benefits.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
We continue to be part of the Prosecuting Association of Michigan training programs along with on-going training to advocates, VOCA grantees, law enforcement and other community groups.
