NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**

The NH Victims Compensation program has noted a significant decrease in the number of applications received during the reporting period compared to 2022. A 41% decrease in the number of applications received during the reporting period July 1, 2023, to September 30, 2023, compared to the same period in 2022. This may be a result of the significant increase in applications the program experienced post-COVID. NH only saw an 8% decrease in the number of applications from the current reporting period compared to the last reporting period of April 1, 2023, to June 30, 2023. As the new program coordinator continues to focus her time on outreach and detailing the program to community organizations and crisis centers, which have significant turnover in staffing, it is anticipated that the number of new applications will increase.

2. **The average length of time to process an application for claim eligibility for compensation**

Count days from time of receipt of application to decision. 57

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. 1) New applications are received and entered into a database by a Claims Processor. 2) New workloads are evaluated for eligibility by the Claims Examiner and missing documentation is requested. 3) Claims Examiners submit reviewed claims with Decision recommendations to the Claims Supervisor. 4) The Claims Supervisor reviews all claims for accuracy and submits Claim Decision and Supporting Documentation to a five (5) member Board. 5) The Board reviews all claims for Approval or Denial leading to an Interim Decision. Interim Decision is mailed to the Claimant. 6) The Claimant has fifteen (15) days to Appeal an Interim Decision to the Board. Appealed Interim Decisions result in Hearings. The result of any Hearing may be to Affirm, Modify, or Reverse the Interim Decision. 7) After the fifteen days has elapsed, the Interim Decision is forwarded to the Executive Director/Designee to be reviewed a signed resulting in a Final Decision.

3. **Does your state have a victim satisfaction survey?**

No

4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**

During this past fiscal year, the program has had significant staffing changes. Both the Program Coordinator and a Program Specialist took on new promotions and responsibilities with the Grants Management Unit. The new Program Coordinator has worked diligently to learn the roles and responsibilities associated with this position, as well as maintaining excellent communication with various grant partners. The new Program Specialist is expected to begin before the end of the calendar year. The New Hampshire Victims Compensation Program has encountered no other emerging and/or major issues or notable trends that affects the program's ability to meet the needs of crime victims during the reporting period.

5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**

The New Hampshire Victims Compensation Program has an excellent working relationship with the Victim/Witness Advocate at the N.H. U.S. Attorney's Office. Moreover, the program works well with the local FBI pertaining to victims of federal crimes.

6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**

The New Hampshire Victims Compensation Program nearly completed the process of updating our database to a cloud-based system. The system improves the process of victim compensation services by, among other things, allowing victims to check the status of their claim or payments via a secure remote access, allowing them to upload documents to directly into their claim, and is expected to include a messaging platform for claimants and claims processors to communicate. This update should reduce the time claimants wait for a response to their inquiries.

7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**

No VOCA Compensation Administrative funds were used during the reporting period.

8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**

There were no law, initiatives or policy changes in our state regarding victim compensation during the reporting period.

9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**

The NH Victims' Compensation Program's continued outreach provides system-coordination with various stakeholders and opens barriers for victims who may have not otherwise applied for services. Over the past reporting period, the Program Coordinator for the New Hampshire Victims' Compensation Program has attended various meetings via WebEx and Zoom, and provided information on how agencies can work together to provide services to crime victims. Meetings were held with the Sexual Assault Nurse Examiners Board, the NH Attorney General's Trask Force on Child Abuse and Neglect and the State Victims Assistance Statewide Steering Committee to discuss how this program assists victims of crime. The Program Coordinator is also a member of the Sexual Assault Nurse Examiners Board, where she provides insight and information concerning the Victims' Compensation Program.

10. **Please explain any public outreach efforts to improve awareness of your program.**

Outreach and training are a priority of the New Hampshire Victims Compensation Program. During this reporting period, the Program Coordinator met with the New Hampshire Association of Chiefs of Police, Child Advocacy Centers, crisis center and system-based advocates. The Program Coordinator is currently averaging one outreach presentation per week to address compensation concerns or questions with law enforcement, advocates and health care service providers. New information forms are in the process of being created to assist with the application and eligibility process for survivors and those who work with them.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

The NH Victims Compensation Program provides quarterly reports to the NH governor. The reports consist of the number of applications received, claims approved and denied. It also contains the top five payments by service type and the number and amount paid for forensic sexual assault exams. NH RSA 21-M:8-g requires an annual report from the NH Victim Assistance Commission. The report was filed with the NH House Ways and Means Committee, the NH Senate Ways and Means Committee, the NH House Criminal Justice and Public Safety Committee and the NH Senate Judiciary Committee.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

The New Hampshire Victims' Compensation Program strives to improve victim services. It is our desire to add additional benefits (such as childcare for victims going to court) however; we do not have the funding to meet this need. These financial increases prevent the program from adding additional services without additional funding. It is the hope that Congress and OVC will reevaluate reimbursement rates to compensation programs and increase VOCA funds for compensation programs by changing the statutory allocation formula, as proposed by NACVCB.
