NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**
There was no significant change.
2. **The average length of time to process an application for claim eligibility for compensation**
Count days from time of receipt of application to decision. 8

Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Once we receive the application, we contact the victim/claimant to acknowledge receipt, obtain any additional information we may need, determine safest way to send correspondence, and explain next steps. We then request the relevant police reports, and victim's State criminal record from the police department and the attorney General's office. Once we receive these, the claim is submitted for a decision. Once the decision is made, we send the claimant a letter with the decision and next steps.
3. **Does your state have a victim satisfaction survey?**
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**
None
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**
We partner with the victim specialists in the FBI and US Attorney's local offices.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**
We have created a community outreach plan that helps us identify agencies and community-based organizations that we have not partnered with. It also helps us keep track of the frequency and type of outreach that we are doing.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**
We used VOCA Administrative funds to assist with training, conferences, and operations costs. Our program has a very limited budget for expenses other than claim payouts, so this helps us make sure that our staff is trained in all the most recent information necessary to best serve our victims.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**
We have begun the process of changing the amounts we have stipulated in our in our rules and regulations to better reflect the current costs of emergency relocation.
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**
We have strong partnerships in the state with many agencies that provide services to victims, as well as the police departments within the state, and the attorney general's office. We are in constant communication with them which facilitates our ability to obtain the information that we need to process claims very quickly. We also attend and host training sessions to ensure we are all equally knowledgeable of what we do and any changes that occur. We also take on most of the burden of document gathering ourselves to make the process as seamless as possible for victims.
10. **Please explain any public outreach efforts to improve awareness of your program.**
We have created a community outreach plan that helps us identify agencies and community-based organizations that we have not partnered with. It also helps us keep track of the frequency and type of outreach that we are doing. During this period our administrator has gone on three radio stations to provide program information as well as to answer questions from the community.
11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**
We provide an annual report to our legislature but it contains the same information as this report.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**
